To Whom it May Concern

We strongly object to the examination extension of the deadline for the consideration of the SPR Application.

SPR has infinite resources which no doubt they will use to overcome the genuine objections posed to them to date. Local people are exhausted and do not have the financial or emotional strength to continue with this constant barrage of documents and consultations.

Just lately on Grove Road signs were put up warning of investigative works and site entrances. These were then removed only to be reinstated, a day later adding to the confusion and concerns that SPR are not to be trusted and do not respect local people and way of life.

We endorse SEAS, SASES, Save Our Sandlings, The Aldeburgh Business Association and Friston Parochial Church Council formal letter of objection letter of 8th April to the EA1N & EA2 Examination extensions.

Kind Regards,

Jill and Peter Donker Curtius
