Subject: COMMENTS FOR SECRETARY OF STATE ON EA1N/ 2
Date: 30 November 2021 23:44:57

Dear Secretary of State, Rt Hon Kwasi Kwarteng,

Re: Invitation from the Secretary of State to comment on EA1N/2 as per letter of 2 November 2021

It has been a common denominator of these consultation processes that the adversely impacted and affected communities have consistently expended enormous time, energy and resources to combat the Corporate behemoths that are obviously intent on destroying this region.

I must especially, yet again, state my complete support for the presentations and diligent assertions made by SEAS and SASES regarding the SPR EA1N and EA2 windfarm applications.

It is now becoming apparent to our local MPs the extent of the devastation to be visited upon East Anglia due to this disastrous 'gold rush' of energy projects, resulting in the establishment of the [REDACTED]. With the participation of East Anglian MPs and County Councillors this will hopefully ensure our landscapes and communities are at least better protected from uncoordinated energy infrastructure projects.

This group will scrutinise the Government's Offshore Network Transmission Review and proposals to change the Nationally Significant Infrastructure Planning regime.

Finally the local communities may actually receive some valuable support. We can only hope!

The primary sectors that SPR and National Grid must still be challenged on are, the environmental damage, flooding damage and wildlife destruction. Also, there must be a major consideration of making a sensible split-decision for the windfarms and to relocate landfall to the appropriate Brownfield sites that have been so aptly indicated by other parties, including SASES and SEAS.

I could go on and on, but you will no doubt already gauge the depth of feeling against the SPR and future proposed NG interlinks that would establish a wholly destructive energy hub in this region - in the entirely wrong place!

I entreat you not to allow this calumny to progress any further.

Thank you for your attention.

Yours sincerely,

Iain Brown

Aldeburgh Resident
