Subject: PINS Ref: EA1N: EN010077 and EA2: EN010078

Dear Secretary of State,

We cannot alter the size of a small window in our property yet the government seeks to impose on our beautiful, protected landscape with its abundant wildlife a series of enormous power infrastructure projects by stealth without a proper assessment of the Cumulative Impact such unmitigable projects would have on the area.

This is an outrage and a disgrace and we write, again, in the strongest possible terms to urge you to change your mind.

Colin and Annabel Chamberlain
