Dear Sirs,

Re: East Suffolk Council (ESC) response to East Anglia ONE North and East Anglia TWO Offshore Wind Farm Orders 2022 – Submission of Kittiwake Implementation Plans Under Part 1 of Schedule 18 to the 2022 Orders.

Thank you for your letter dated 12 April 2024 inviting East Suffolk Council to comment on the Applicant's submitted Kittiwake Implementation and Monitoring Plans (KIMP) and associated documents, in accordance with the East Anglia ONE North and East Anglia TWO Offshore Wind Farm Orders 2022.

Having reviewed the Applicant's submission, ESC confirms that:

1. the Kittiwake Agreement Log is an accurate reflection of our position on all matters for which we wish to engage on;
2. the Council has engaged and contributed to the KIMP, and following a careful review, the contents are agreed.

A planning application covering the installation of the new forth artificial nesting structure wall for kittiwakes at the Port of Lowestoft is currently live and being determined by ESC (Application reference: DC/24/1195/FUL).

I trust this response is helpful.

Yours faithfully

Philip Ridley BSc (Hons) MRTPI | Head of Nationally Significant Infrastructure Planning
East Suffolk Council
