HER	LCS 054	Medieval artefact scatter of coarseware sherds. (Medieval)	C13/C14 coarseware sherds.	Undated	646826	262643
HER	LCS 054	Prehistoric artefact scatter of flint flakes, including pot boiler flints and scrapers. (Prehistoric)	Several flint flakes and others were found, including some pot boiler flints and scrapers.	Undated	646825	262643
HER	LCS 054	Findspot of a glass bead of unknown date. (Un)	One glass bead found, date unknown.	Undated	646822	262640
HER	LCS 058	Medieval artefact scatter of coarseware pottery. (Med)	Medieval coarseware pottery found.	Undated	646520	262578
HER	LCS 058	Prehistoric artefact scatter of pot boiler flints and worked flints. (Prehistoric)	Several pot boiler flints and other worked flints found.	Undated	646517	262576
HER	LCS 060	Prehistoric artefact scatter of worked flint, including pot boiler flints and scrapers. (Prehistoric)	Prehistoric worked flint including pot boiler flints and scrapers.	Undated	646171	262571
HER	LCS 060	Medieval artefact scatter of pottery sherds, including Thetford ware and coarseware. (Med)	One Thetford-type ware sherd and medieval coarseware found.	Undated	646174	262571
HER	LCS 060	World War II building debris. (Post Medieval)	Large amount of modern building debris noted on this field, probably World War II.	Undated	646174	262574
HER	LCS 073	Medieval artefact scatter of pottery sherds. (Med)	27 sherds of Medieval coarseware collected.	Undated	646982	262993
HER	LCS 073	Prehistoric artefact scatter of burnt flints. (Prehistoric)	251 Burnt flints.	Prehistoric	646982	262993
HER	LCS 261	Medieval artefact scatter of coarseware and one Prehistoric flint gritted sherd. (Medieval)	Medieval coarseware, plus one possible Prehistoric flint gritted sherd(?).	Medieval	645900	262700
HER	SNF 003	Marsh Farm	Pal ovate hand-axe (not twisted type), found before 1970.	Palaeolithic	639312	260752

Dataset	Ref	Name/Type	Brief Description	Approximate Date	Easting	Northing
HER	SNF 009	Marsh Farm	Flint axe as BM guide plate 8 number 6, grey flint, length 16 cm, width 5 cm at blade.	Neolithic	638856	260812

3. **Table A24.6.3** provides a list of all previously unrecorded non-designated heritage assets, used to support the impact assessment presented in **Chapter 24 Archaeology and Cultural Heritage**.

Table A24.6.3 Previously Unrecorded Non-designated Heritage Assets

Ref	Description	Easting	Northing	Location (study area)
HA1	Identified from LiDAR images - depression alongside field boundary evident during walkover.	640972	261166	Onshore Development Area
HA2	Identified from LiDAR not evident during walkover as under crop.	641027	261345	Onshore Development Area
HA3	The remains of an orchard, and several linear & curvilinear features visible in APs and on LiDAR images. An extant ditch evident during the walkover may represent a lost field boundary (LF2).	641516	261372	Onshore Development Area
HA4	A number of possible small buildings evident in AP.	641330	260660	Onshore Development Area
HA5	Depression underlying field boundary, evident during walkover.	641434	260773	Onshore Development Area
HA6	Possible chapel evident in AP. May represent remains of Buxlow/Buxton Chapel recorded as KND009.	641611	260765	Onshore Development Area
HA7	Possible pathway evident in APs and sub-rectangular lidar feature. Ditches of enclosure evident during walkover.	641599	260902	Outer Study Area
HA8	Linear features identified from LiDAR. Visible as ditch within Grove Wood, leads into rectangular enclosure ditch at its SE corner. Possibly visible in the southern field as a slight depression in the north of the field.	641692	260728	Onshore Development Area
HA9	Sub-circular feature identified from LiDAR and evident as a depression during walkover.	641813	260711	Onshore Development Area
HA10	Circular and semi-circular feature identified in Aps.	641823	260607	Outer Study Area
HA11	Field boundaries identified in APs and LiDAR images. Enclosures are visible as ditches and banks within woodland. Area is over grown with vegetation.	641758	261031	Outer Study Area
HA12	Three sub-circular features visible on APs.	642000	261292	Outer Study Area
HA13	Sub-circular feature identified from LiDAR and evident as a depression during walkover.	642176	261461	Onshore Development Area
HA14	Band of possible features or geology identified in APs.	642295	261421	Onshore Development Area
HA15	Sub-circular features identified on LiDAR, evident as depressions during walkover, and linear feature identified on APs.	642267	260807	Onshore Development Area

Ref	Description	Easting	Northing	Location (study area)
HA16	Linear features identified from LIDAR. Sub-rectangular features were evident as depressions during walkover, but lost field boundary was not evident.	642279	260664	Onshore Development Area
HA17	Parallel linear features identified in APs.	642421	261020	Outer Study Area
HA18	N-S linear cropmark visible in turf field. May be associated with KND017 ring ditch cropmark, which was not visible.	642581	261025	Outer Study Area
HA19	Structure depicted on 1st Edition OS map.	642073	260935	Outer Study Area
HA20	Sub-circular feature identified on LiDAR - not located during walkover due to vegetation/crop.	642178	261025	Outer Study Area
HA21	Structure depicted on 1st Edition OS map.	642808	261101	Outer Study Area
HA22	Lost field boundary not visible in crop during walkover. No cropmarks evident.	642813	260521	Onshore Development Area
HA23	Sub-circular feature identified from LIDAR - not accessible or visible during walkover.	642859	260736	Outer Study Area
HA24	Linear features identified from LIDAR. Lost field boundaries not visible during walkover. No cropmarks evident.	642950	260785	Outer Study Area
HA25	Linear features identified from LIDAR and structures identified from APs. Linear field boundary not visible during walkover. A tree may mark the original location of the eastern extent of the now lost feature. Structures evident as modern farm buildings.	643598	260327	Onshore Development Area
HA26	Linear features identified from APs.	643689	260454	Onshore Development Area
HA27	LiDAR feature visible as a sub-rectangular depression during walkover - approximately 3.5m deep.	643873	260406	Onshore Development Area
HA28	Old property boundary.	643934	260487	Inner Study Area
HA29	Structure recorded on the 1st Edition OS map.	643985	260453	Inner Study Area
HA30	Semi-circular feature identified in APs.	643484	260001	Inner Study Area
HA31	Semi-circular features identified in APs.	643990	260259	Onshore Development Area
HA32	Several curvilinear features, and a group of several pits aligned in a square.	644104	260154	Onshore Development Area
HA33	LiDAR features visible as sub-rectangular depressions in field - one was waterlogged.	644313	260254	Onshore Development Area

Ref	Description	Easting	Northing	Location (study area)
HA34	LiDAR feature - not accessible during walkover. Sandbanks visible from the road might be associated with the feature.	644819	260557	Onshore Development Area
HA35	LiDAR feature - not accessible or evident during walkover.	645034	260695	Onshore Development Area
HA36	Circular feature identified in APs.	645232	260716	Onshore Development Area
HA37	LiDAR feature - not accessible or evident during walkover.	645161	260942	Onshore Development Area
HA38	LiDAR feature - not accessible or evident during walkover.	645287	260955	Inner Study Area
HA39	LiDAR feature not accessible during walkover.	645181	261161	Onshore Development Area
HA40	LiDAR feature - not accessible or evident during walkover.	645357	261229	Inner Study Area
HA41	LiDAR feature - not accessible or evident during walkover.	645089	261362	Onshore Development Area
HA42	LiDAR feature - visible as depression in field and crop marked in wheat.	645367	261501	Onshore Development Area
HA43	LiDAR feature - not accessible or evident during walkover.	645443	261216	Inner Study Area
HA44	Linear feature (possible old river bed) and two circular features identified in APs.	645698	261324	Inner Study Area
HA45	Group of circular and sub-rectangular features.	645612	262192	Inner Study Area
HA46	LiDAR feature not accessible during walkover, but some depressions visible in field.	645703	261661	Onshore Development Area
HA47	Area around LCS206 - AP and LIDAR features not evident during walkover.	645800	261875	Onshore Development Area
HA48	Possible group of small circular features maybe related to agricultural activity.	645968	261853	Onshore Development Area
HA49	Circular feature.	645623	261829	Onshore Development Area
HA50	Area around ARG017 - AP features not evident during walkover.	645999	261510	Onshore Development Area
HA51	Lost field boundary now obscured by trackway.	646278	261820	Onshore Development Area

Ref	Description	Easting	Northing	Location (study area)
HA52	Possible pit alignment - segmented ditch or site of stone circle?	646191	262613	Inner Study Area
HA53	LiDAR and AP feature evident during the walkover as a depression alongside the field boundary. Dense overgrowth present.	646632	262224	Onshore Development Area
HA54	Possible circular feature - filled in pit?	647095	262350	Inner Study Area
HA55	Row of pits?	647015	262176	Onshore Development Area
HA56	Possible circular feature - filled in pit?	647170	262210	Inner Study Area
HA57	LIDAR feature associated with LCS214.	646975	261925	Inner Study Area
HA58	AP features evident during walkover as overgrown quarry pits.	647115	261585	Onshore Development Area
HA59	Field boundary.	647326	261438	Onshore Development Area
HA60	LiDAR feature - not accessible during walkover, but evident as a depression in the field.	647350	260942	Onshore Development Area
HA61	Triangular feature - possible field drain.	647612	260913	Onshore Development Area
HA62	LiDAR features - not evident during walkover.	647514	260737	Onshore Development Area
HA63	LiDAR features - not evident during walkover.	647313	260638	Onshore Development Area
HA64	LiDAR features - not evident during walkover.	647206	260648	Onshore Development Area
HA65	Circular feature and possible field drain.	647087	260735	Inner Study Area
HA66	Ruins and traces of two structures.	647260	260517	Onshore Development Area
HA67	LiDAR and AP features visible as depressions during walkover.	646873	260476	Onshore Development Area
HA68	Structure recorded on the 1st Edition OS map.	647498	260556	Onshore Development Area
HA69	Enclosure, field boundaries and structures.	647503	260362	Onshore Development Area

Ref	Description	Easting	Northing	Location (study area)
HA70	Possible walls.	646897	260858	Inner Study Area
HA71	Possible building identified on LiDAR images.	641303	261849	Outer Study Area
HA72	Possible building identified on LiDAR images.	642484	261440	Onshore Development Area
HA73	Square lidar feature visible in field as sub-rectangular depression in the north east corner.	647138	262532	Inner Study Area
