Hi Liam,

I am unsure as to where my questions and concerns are going to be addressed at the meetings. My concerns address the "Strategic Development of North Seas Grid Infrastructure" which was until recently a government policy under the North Sea Energy Cooperation (NCES).

"The Political Declaration on energy cooperation between North Seas Countries, signed on 6 June 2016, set up a three-year work programme, based on voluntary cooperation, to facilitate the further cost-effective deployment of offshore renewables, in particular wind, and interconnection in the North Seas countries."

This "Political Declaration" seems to have been ignored by the current planning proposal.

I have other concerns about the location of the sub station which seems to be sub optimal in terms of energy losses. Consideration of losses are a fundamental consideration in our progress to a carbon neutral energy system by 2050.

Perhaps you could consider my concerns and help me by suggesting where in the planned meeting my concerns would be addressed.

[REDACTED]

Thanks
Alan Hatfield

Dear Mr Hatfield

Thank you for informing us of your intention to attend the Preliminary Meeting, Issue Specific Hearing 1, Issue Specific Hearing 2 and Open Floor Hearing 1 for both Examinations.

As per the Rule 6 letters, to help the management of these hearings please inform us of the following:

- whether you wish to speak at one or more hearings (if you wish to speak at more than one then please may you identify which hearings you wish to speak at);
- on which agenda items you intend to speak, listing points you wish to make; and
- any special requirements you may have (eg disabled access, hearing loop etc).

Thank you in advance for providing this information.

Kind regards,

Liam

Liam Fedden
