Log of Procedural Decisions made by the Examining Authorities

The ExAs have made the following groups of procedural decisions¹:

- **Procedural decisions made in the pre-examination period** before the Preliminary Meeting, initially to support Examination including physical hearing events before the onset of the Covid-19 pandemic, and then to ensure continued preparation for Examination using Covid-safe methods. There are 19 of these decisions, numbered in date order from 1 to 19, of which 5 have been superseded and cancelled and 14 remain in effect having been confirmed following the Preliminary Meeting.
- **Procedural decisions made following the Preliminary Meeting.** There are 3 of these, numbered in sequence from 20 to 22. These decisions are set out in full in the **Rule 8 Letters** of 12 October 2020. Noting that some elements of these decisions were contested in written and oral submissions to the Preliminary Meeting, a statement of reasons was also provided and can be accessed by a hyperlink from those letters.
- **Procedural decisions made during the Examinations.** There are currently two of these, numbered 23 and 24, relating to requests by the Applicants for changes to the applications including the inclusion of additional land and to a decision by the ExA not to issue a second round of written questions (ExQ2) in November 2020.

The table below provides access to the original documents in which each procedural decision was recorded.
