Dear Sirs

Re Planning Act 2008 (as amended) – Section 89 and the Infrastructure Planning (Examination Procedure) Rules 2010 – Rule 17 Application by East Anglia ONE North Limited for an Order Granting Development Consent for the East Anglia ONE North Offshore Wind Farm (“Order”)

I am writing on behalf of UK Power Networks (Operations) Limited, the occupier of premises in the land to be acquired and/or temporarily used under the above Order. It is also entitled to the benefit of rights in, over, on or under such land and is the owner of Electric Lines and/or Electrical Plant (as those terms are defined in Section 64(1) of the Electricity Act 1989) in, on, over or under the land to be acquired and/or temporarily used under the above Order. These premises, rights and apparatus have been acquired for and are used for the purposes of its statutory undertaking.

UK Power Networks (Operations) Limited and the relevant DNO object to the making and confirmation of the Order unless at the cost of the acquiring authority there are first provided to it on no less favourable tenure suitable alternative sites and suitable alternative rights in, on, over or under land in substitution to those to be acquired and/or temporarily used under the above Order and in, on over or under which there are first installed and commissioned Electric Lines and Electrical Plant in substitution for those in the land to be acquired and/or temporarily used under the above Order, before that land is acquired and/or temporarily used so that my client can carry out its statutory functions and contractual obligations no less efficiently than previously.

Please treat this letter as an objection by UK Power (Operations) Limited and the relevant DNO to the acquisition under the above Order of the premises, rights and apparatus mentioned above because their acquisition will be detrimental to the carrying on of its undertaking. No alternative land, rights and apparatus for those proposed to be acquired under the above Order are in place.

UK Power Networks (Operations) Limited and the relevant DNO object to the making and confirmation of the Order because it does not identify it as the owner or occupier of the land and the rights referred to above that are sought to be acquired: it merely refers to UK Power Networks (Operations) Limited.

The relevant DNO reserves the right to amend or supplement its objections in the light of any information that later becomes available.

The above objection(s) will be deemed to be withdrawn upon signature of an appropriate deed of Undertaking by an authorised signatory of the Acquiring Authority.

All future correspondence relating to this matter should be sent to Francesca Maran at Francesca.maran@ukpowernetworks.co.uk or by hard copy to UK Power Networks, Legal

Department, Energy House, Carrier Business Park, Hazelwick Avenue, Three Bridges, West Sussex, RH10 1EX.

Yours faithfully
