EAIN & EAZ DCO Examination Issue Specific Hearing 5

Dear Examiners,

I am writing to confirm I would like join ISH 5 to participate on behalf of Beach View Holiday Park on Socio-Economic aspects of EAIN & EAZ.

I will be covering the issues of:

- Lack of an effective Cumulative Impact Assessment.
  - Failure of SFE to undertake and provide a comprehensive context survey study.
  - Failure to carry local business/visitor businesses like Beach View to gain the true understanding of how EAIN & EAZ developments will impact on local businesses.
- SFE have failed to do due diligence on these in Scoping / Consultation and as a result of their DCO application. Socio-economic impact rightly needs to be explored with integrity; it relates to those proposals but also wider a proper Cumulative Impact Assessment which alongside other DCOs on basis of SFE rightly needs to consider the potential future development of potential impact. A data link to TYP Advice and some quote from out of date papers/studies on Socio-economic data and relevant evidence there to understand issues or necessary knowledge to work to mitigate the impact.

Best regards,  
Nicholas Thorp

On behalf of the Thorp Family at Beach View Holiday Park
