Subject: Scottish Power Renewables and National Grid Planning Application - Aldeburgh
Date: 30 January 2021 15:59:44

[REDACTED]
I live on [REDACTED], and quite frankly whoever has put this forward is [REDACTED].
I have problems exiting my house onto [REDACTED], anyone who feels that two trucks of the size suggested would be able to pass at the same time is demented.
I am currently having my driveway wall put back together for the second time as local builders have a problem turning into my drive as the road is not wide enough for them to turn in safely. They are local not some random lorry driver who doesn't know the road.
Can any sane person seriously think the roundabout at Aldeburgh, at the Railway Pub could possibly cope with the traffic of 300 trucks a day ???
[REDACTED] - I'm afraid this really does stink, Scottish Power, EDF, go home to your own territories.

Look forward to your reply

Regards
David Jackson
