Dear Mr Johansson

Please treat this e-mail as the Club's further submission at deadline 5

Thank you

David Wybar

"Dear Sirs

I understand that an analysis has been done of the likely economic impact on tourism of the scheme going ahead and came up with a figure of minus 20%

If that is applied to visiting golfers, the likely impact for the golf club would be in excess of £35,000 per annum based on a loss of 20% of visitor income

In addition, we advised the hearing in November that a survey of golfing visitors to another area suggested that their secondary spend is on average about £50 per head – based on 3,000 visitors, 20% of £150,000 equals £30,000

This makes the total loss in respect of visiting golfers in excess of £65,000 per annum to the local economy

In addition, the Club might well lose a significant amount of subscription income as 50% of its members live outside Suffolk and might stop visiting Aldeburgh and resign from the Club if the scheme (in particular the lorry traffic) makes it an unattractive place to visit.

Yours sincerely

David Wybar
