Dear Sir,

With regards to the purchase of lands required for the above mentioned projects you should be aware of the intimidating tactics employed by SPR from the outset.

At one of our meetings in our village hall Friston during the consultation period, a family living along the proposed cable corridor was brought to tears describing how SPR had been treating them. The home that they had lived in for years was under threat as SPR wanted to purchase some of their land for the cable corridor. SPR told the home owner that if they didn't agree to sell, that the land would none the less be compulsory purchased and the amount that they would subsequently receive would be a lot less than what they were being offered. They didn't want to sell but in essence were being bullied. It was horrible how SPR was threatening them and at such an early stage in the procedure.

Now we have learned that should you agree to sell your property you have to also agree to a gagging order. I strongly object to such unjustifiable tactics being employed in a public procedure.

I fully support SEAS's letter The Complaint, dated 14 February 2021.

Yours sincerely,
