Dear Examining Authority,

I should like to respond to Action Point 2, The Planning Balance from Open Floor Hearing 6

I call upon the Examining Authorities to recommend to the Secretary of State a "Split Decision" so that:

1. The Offshore Turbines are recommended for consent. I am fully supportive of renewable energy.
2. The onshore infrastructure is rejected in favour of full consideration of better locations for this infrastructure where the adverse impacts are minimised in a Brownfield site.

As an Interested Party I am concerned at the needlessly devastating impacts on our environment and local communities. I think that the adverse effects outweigh the benefits of the application when taken as a whole. In the 9 years before the government's 2030 offshore wind targets there should be ample time to rethink the onshore aspects of this project. Meanwhile the "split decision" would allow progress on the turbines at once,

yours sincerely,
Michael Laschet,
