Dear Mr Smith

I have noted on the SEAS website that a formal complaint letter has been sent to you regarding SPR's Option Agreement which seeks to place a non-disclosure agreement on the relevant land owner.

I am horrified that this pressure is being applied by SPR which clearly seeks to gag objectors and pressurise them into signing said document.

I trust that you will address this serious issue and ensure that anyone subject to one of these NDAs is given the right to speak openly and without fear of retribution.

I look forward to hearing the action you propose to take against SPR.

Yours sincerely

Alan Collett
