Dear Planning Inspectorate team,

With regard to the most recent ISH's (**ISH10** into health and wellbeing assessment - **ISH11** into flood risk and drainage - **ISH12** into noise - **ISH13** into traffic and transport - **ISH14** into biodiversity and habitats regulations assessment - **ISH15** into draft development consent (DCO).)

I would like to support all representations made by SASES, SEAS, Save Our Sandlings, [REDACTED] and all the representatives from both local parish councils and private individuals.

I urge you to reject this application and redirect it to a brown field site - please do not allow a completely rural setting be devastated.

Yours sincerely

Nicola Suzanne Fulford

EA1 (ENO 10077) Ref: 20023553 & EA2 (ENO 10078) Ref: 20023554
