SEAS Cover Letter - Submissions for Deadline 8 – 25 March 2021

Dear Rynd Smith, Jessica Powis, Caroline Jones, Guy Rigby, Jonathan Hockley, Emre Williams, K-J Johansson and Caroline Hopewell.

We are indeed coming to the end of a very busy and challenging six months.

Firstly, the SEAS Team would like to thank you all for the patience and courtesy you have shown towards IP's, AP's and other stakeholders throughout this process. I am sure you now realise that the examination of the DCO's have been of great concern to the Communities of Coastal Suffolk and without your guidance we may well have faltered at the first examination hurdle. Not only has it been a huge learning curve for us laymen, but no doubt, also for you on the challenge of the Virtual Meetings. The Case Team of K-J, Caroline and headed by the ever efficient and empathetic Emre, have been so supportive and understanding of our queries and requests, always received with a cheery disposition. We would also like to extend our heartfelt thanks to yourselves, the Inspectors, who have cajoled and chastised us along the way in a most respectful and dignified manner which we very much appreciate. Thank you all.
