Dear Sir,

I object against this procedurally wrong and unfair decision to extend the examinations by 3 months! This is a typical ploy to do this whilst the electorates

Heads are turned dealing with the pandemic. This is an affront to our community

And shows us just what Scottish Power and the parent company Iberdrola are prepared to do to further their gains. This is a case of "lobbying" once again that is in the news at the moment. Shame on you all for allowing this to happen.

I endorse SEAS, SASES, Save Our Sandlings, The Aldeburgh Business Association and Friston Parochial Church Council, formal objection letter of 8 April to the Examination extension."

The above associations have worked tirelessly to have their voice heard, the voice of the people.
