---

Please note this submission is for both projects.

Dear Planning Inspectorate.

Please note attached picture showing 3 red deer at investigation site works no12. The white dot highlights the borehole015.

This picture shows the importance of not disturbing the wildlife corridor by allowing these projects to take place.

Having listened to the following candidates putting themselves forward for the by elections taking place locally the overall opinion is that a split decision should be the way forward at present.

Also BEIS should include these projects in the review that will be taking place .

The candidates are:

Mr T Daley Green Party

Mr M Oakley Green Party

Mr I Ilett Labour Party

Mr M Turner Labour Party

Mr A Reid Conservative Party

Mr R Rainger Conservative Party

Mr S Marlings Communist Party

Sincerely

Mrs P Dorcey
