**Subject:** Re: Vanguard Public Registration of Interest

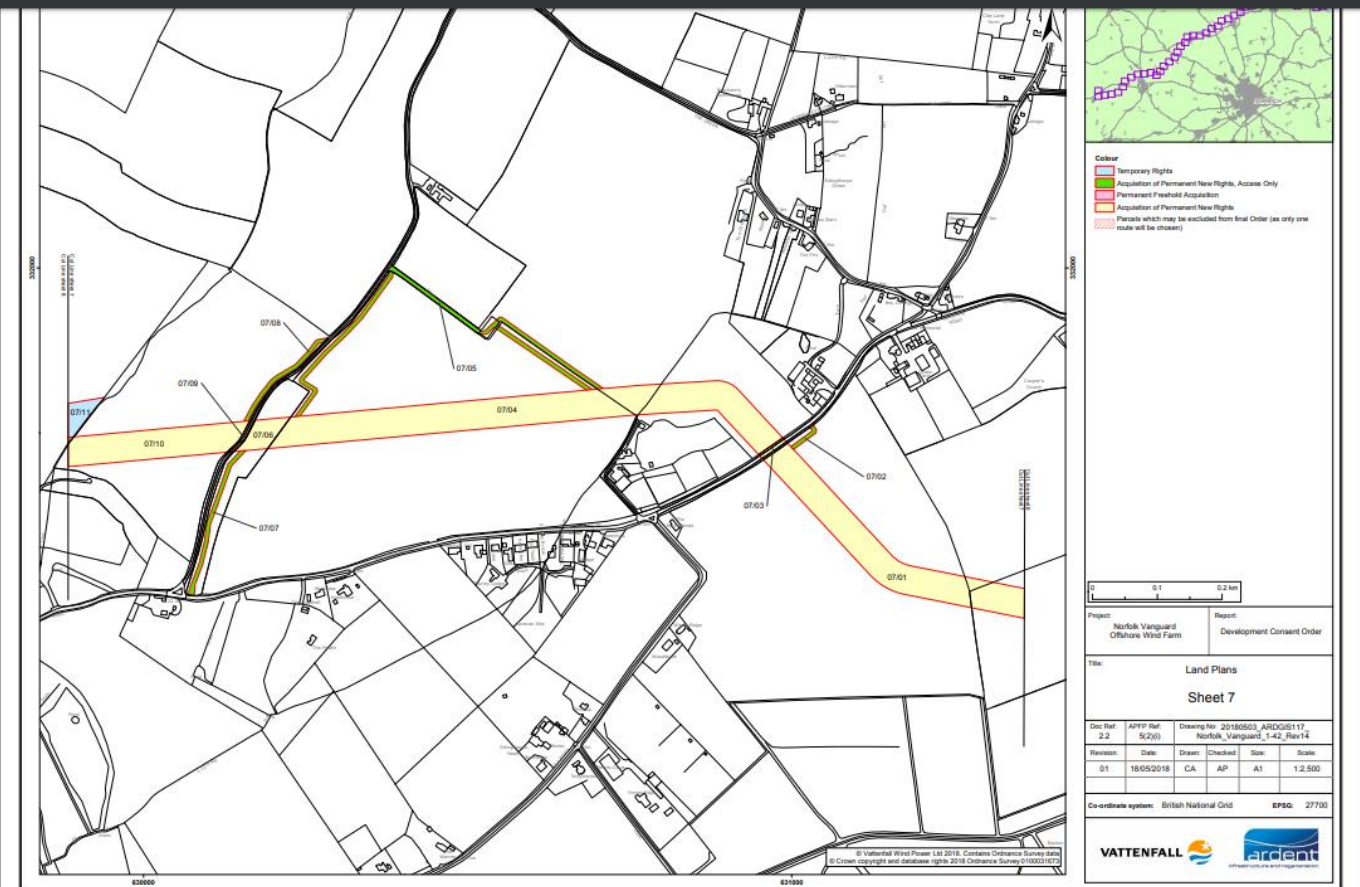

Dear Mr Parker,

Many thanks for your prompt reply regarding this matter. I have since reviewed the Applicant's Book of Reference you kindly attached and can not find any reference to our property.

With this in mind I have further reviewed the documentation submitted by the Applicant and have concluded the following.

1. The proposed route of the onshore works as detailed in the Applicants 2.02 Onshore Land Plans indicates that the land to be subject to a acquisition of permanent new rights is 227m from our property
2. The Applicant has detailed that they will be applying for the acquisition of a permanent new right of way for access, ref 07/07. This proposed bellmouth for the new access will be located 18.5m from the entrance to our property.

I have for your convenience attached a screenshot of the proposal and the documentation I am referring to [REDACTED].

With the above information could you please advise us, as you are already the proposal has come as a shock to the family and hope that you will be able to advise us accordingly.

Thanking you in advanced for your assistance regarding this application.

Yours sincerely,

Mr Mathew J Attewell

Dear Mr Attewell,

The [Norfolk Boreas](#) and [Norfolk Vanguard](#) projects both seek a development consent order for off-shore windfarms. As part of the application for development consent, the application for Norfolk Vanguard is additionally for an onshore cable route (however, this will be used for both projects).

You have stated in your email that the proposed works would be within approximately 150m of your property, so I would expect your concerns would be in regard to the cable corridor route.

The application for Norfolk Vanguard was submitted by Norfolk Vanguard Limited on 26 June 2018 and accepted for examination on 24 July 2018.

The period in which to register as an interested party in the examination ran between 3 August 2018 - 16 September 2018; therefore this phase has passed.

May I suggest that you search for your property in the Applicant's [Book of Reference](#) document. If you are an owner, lessee, tenant (whatever the tenancy period) or occupier of the land affected by the proposed development, then you will be considered to have a legal interest in the land.

Those with a legal interest in land affected by a Nationally Significant Infrastructure Project and:

- have not been identified by the Applicant; and
- did not register to become an Interested Party;

can make a request to the Examining Authority to become an Interested Party under [s102A of the Planning Act 2008](#).

Becoming an Interested Party gives you the right to make representations about the application, attend meetings and hearings, stay informed of the progress of the Examination and be given notification of the final Decision. We also suggest

that you contact the Applicant to inform them that the property has changed ownership. The Applicant's contact details are here;

[info@norfolkvanguard.co.uk](mailto:info@norfolkvanguard.co.uk),

Rebecca Sherwood on [REDACTED] or at [rebecca.sherwood@vattenfall.com](mailto:rebecca.sherwood@vattenfall.com)

Ruari Lean on 01603 567995 or at [Ruari.Lean@vattenhall.com](mailto:Ruari.Lean@vattenhall.com)

The [Norfolk Boreas](#) project is still at pre-application stage and is not due to be submitted to the Planning Inspectorate until June 2019.

You may wish to contact the applicant, Norfolk Boreas Limited, during this stage of the project.

**Subject:** Re: Vanguard Public Registration of Interest

Dear Sir / Madam,

The purpose of my email is following a recent document received through the post regarding the Vallenhall Boreas Project outlining public consultation times and deadlines regarding this project.

Due to recently moving to the area I was not aware of either the Boreas or Vanguard Projects and subsequently I have investigated on your website regarding the proposed onshore works for both Boreas and Vanguard projects. Upon my initial investigation it appears that the proposed works would be within approximately 150m of our property and the subsequent increase in HGV traffic and the proposed access route both during and after the initial construction will be within 20m of our dwelling. Due to this I would therefore like to formally register my interest regarding Vanguard and its sister project Boreas.

I thank you for your understanding regarding this matter. I am aware that the registration for interested parties has closed but do hope that due to our circumstance you will be able to assist. I awaiting your response by return of email.

Yours faithfully,

Mr M J Attewell
