## 1 INDICATIVE TREE AND SENSITIVE HEDGEROW REMOVAL

---

### 1.1 Introduction

1. At the Issue Specific Hearing (ISH 1) into Onshore Environmental Matters on 5 February 2019, the Examining Authority requested that the Applicant provides plans showing indicative tree removals and sensitive hedgerow removals referred to within Chapter 29 of the Environmental Statement Landscape and Visual Impact Assessment. This is reflected in Action Point 20. [This plan has been produced for information only and the exact tree/hedgerow removal will depend on the micro-siting of the cable within the cable corridor which will be confirmed prior to construction.] The Development Consent Order (document reference 3.1) at Schedule 13 secures the trees and hedgerows that will potentially need to be removed as a result of the construction.
