European Site Conservation Objectives for North Norfolk Coast Special Protection Area Site Code: UK9009031

With regard to the SPA and the individual species and/or assemblage of species for which the site has been classified (the 'Qualifying Features' listed below), and subject to natural change;

Ensure that the integrity of the site is maintained or restored as appropriate, and ensure that the site contributes to achieving the aims of the Wild Birds Directive, by maintaining or restoring;

- > The extent and distribution of the habitats of the qualifying features
- > The structure and function of the habitats of the qualifying features
- > The supporting processes on which the habitats of the qualifying features rely
- The population of each of the qualifying features, and,
- > The distribution of the qualifying features within the site.

This document should be read in conjunction with the accompanying *Supplementary Advice* document, which provides more detailed advice and information to enable the application and achievement of the Objectives set out above.

Qualifying Features:

A021	Botaurus stellaris; Great bittern	(Breeding)
------	-----------------------------------	------------

- A040 Anser brachyrhynchus; Pink-footed goose (Non-breeding)
- A046a Branta bernicla bernicla; Dark-bellied brent goose (Non-breeding)
- A050 Anas penelope; Eurasian wigeon (Non-breeding)
- A081 Circus aeruginosus; Eurasian marsh harrier (Breeding)
- A084 Circus pygargus; Montagu's harrier (Breeding)
- A132 Recurvirostra avosetta; Pied avocet (Breeding)
- A143 Calidris canutus; Red knot (Non-breeding)
- A191 Sterna sandvicensis; Sandwich tern (Breeding)
- A193 Sterna hirundo; Common tern (Breeding)
- A195 Sterna albifrons; Little tern (Breeding)

This is a European Marine Site

This SPA is a part of The Wash and North Norfolk Coast European Marine Site (EMS). These Conservation Objectives should be used in conjunction with the Conservation Advice document for the EMS. Natural England's formal Conservation Advice for European Marine Sites can be found via GOV.UK.

Explanatory Notes: European Site Conservation Objectives

These Conservation Objectives are those referred to in the Conservation of Habitats and Species Regulations 2017 (as amended) ('the Habitats Regulations'). They must be considered when a competent authority is required to make a 'Habitats Regulations Assessment' including an Appropriate Assessment, under the relevant parts of this legislation.

These Conservation Objectives, and the accompanying Supplementary Advice (where this is available), will also provide a framework to inform the management of the European Site and the prevention of deterioration of habitats and significant disturbance of its qualifying features

These Conservation Objectives are set for each bird feature for a Special Protection Area (SPA).

Where these objectives are being met, the site will be considered to exhibit a high degree of integrity and to be contributing to achieving the aims of the Wild Birds Directive.

Publication date: 21 February 2019 (version 3). This document updates and replaces an earlier version dated 30 June 2014 to reflect the consolidation of the Habitats Regulations in 2017.

European Site Conservation Objectives for Breydon Water Special Protection Area Site Code: UK9009181

With regard to the SPA and the individual species and/or assemblage of species for which the site has been classified (the 'Qualifying Features' listed below), and subject to natural change;

Ensure that the integrity of the site is maintained or restored as appropriate, and ensure that the site contributes to achieving the aims of the Wild Birds Directive, by maintaining or restoring;

- > The extent and distribution of the habitats of the qualifying features
- > The structure and function of the habitats of the qualifying features
- > The supporting processes on which the habitats of the qualifying features rely
- The population of each of the qualifying features, and,
- > The distribution of the qualifying features within the site.

This document should be read in conjunction with the accompanying *Supplementary Advice* document, which provides more detailed advice and information to enable the application and achievement of the Objectives set out above.

Qualifying Features:

- A037 Cygnus columbianus bewickii; Bewick's swan (Non-breeding)
- A132 Recurvirostra avosetta; Pied avocet (Non-breeding)
- A140 Pluvialis apricaria; European golden plover (Non-breeding)
- A142 Vanellus vanellus; Northern lapwing (Non-breeding)
- A151 Philomachus pugnax; Ruff (Non-breeding)
- A193 Sterna hirundo; Common tern (Breeding)A

Waterbird assemblage

This is a European Marine Site

This SPA is a part of the Breydon Water European Marine Site (EMS). These Conservation Objectives should be used in conjunction with the Conservation Advice document for the EMS. Natural England's formal Conservation Advice for European Marine Sites can be found via GOV.UK.

Explanatory Notes: European Site Conservation Objectives

These Conservation Objectives are those referred to in the Conservation of Habitats and Species Regulations 2017 (as amended) ('the Habitats Regulations').
