Dear Mr Lean

**Planning Act 2008 (as amended) and the Infrastructure Planning  
(Examination Procedure) Rules 2010 (as amended) – Rule 17**

**Application by Norfolk Vanguard Limited for an Order Granting Development  
Consent for the Norfolk Vanguard Offshore Wind Farm Project**

**Request for further information**

Further to the Rule 17 request sent last week the Examining Authority has an additional request to make of the Applicant as follows:

Please explain the discrepancy between the figure of 27,418,759m<sup>3</sup> of scour protection given in paragraph 20 of the Version2 Outline Scour Protection Plan and Cable Protection Plan (OSPCPP) [REP7-024], and the 27,318,759 m<sup>3</sup> figure given in draft DCO Condition 8(1)(g) of Schedules 9 and 10 of the dDCO. Also please clarify the discrepancy between the figures given in column 1 of Table 1 of the OSPCPP and that of 5,463,752m<sup>2</sup> as given in Condition 8(1)(g) of Schedules 9 and 10; the apparent error in the total figure cited in Table 1 of the OSPCPP; and whether 'platform' in Condition 8(1)(g) should read 'platforms'.

Please would you consider and confirm how the dDCO and Outline Scour Protection and Cable Protection Plan should be revised as appropriate by Deadline 8.

Yours sincerely

*Karen Ridge*
