Good afternoon

I refer to the request FQ 4.3 on page 11 of the planning inspectorate examination of the Norfolk Vanguard Off-shore Wind Farm application Deadline 8 to review the noise mitigation measures described in Norfolk Vanguard document Technical Note Responding to Norfolk County Council's Request for Trenchless Crossings of the A1067 and B1149 AS-047, and would confirm that we have no objections or comments to make subject to the enhanced noise mitigation measures described in the report being implemented during the proposed works.

With thanks
