I understand that the inspection for this is due to close on 10th June.

Wood Dalling Parish Council would like to register our huge concern for the locality, should this and the Hornsea 3 project go ahead. We understand that other Parishes have also expressed concern, and we also urge you to put this project on hold, whilst the possibility of an offshore ring main is further explored. These projects will decimate our countryside for many years to come.

Kind regards
Kirsty Cotgrove
Clerk to Wood Dalling Parish Council
