Subject: Norfolk Vanguard DCO - Network Rail Infrastructure Limited [ADDGDD-LIVE.FID3553625]

Dear Sirs

Reference: EN010079 and EN010087

I write on behalf of my client Network Rail Infrastructure Limited (**Network Rail**) in relation to the application by Norfolk Vanguard Limited for an order granting Development Consent (**Order**) for the proposed Norfolk Vanguard Offshore Wind Farm and associated offshore and onshore infrastructure (**Project**).

Network Rail does not have any comments in relation to the consideration of cumulative landscape and visual impacts at Necton. However, at this early stage Network Rail would like to respectfully request that the Network Rail Protective Provisions included in the original Order be included in any new Order granted following the redetermination of the Project application.

I would be grateful if you could please confirm safe receipt of this submission.

Kind regards

Charlotte
