1. Introduction.....1

List of Tables

Table 1.1: Listed buildings screening.....2

1. Introduction

- 1.1 This document has been prepared in response to Examining Authority Written Question 1.8.2. It sets out the listed buildings that were reported in Volume 6, Annex 5.4: Onshore HVDC Converter/HVAC Substation Screening [APP-152] to require further assessment in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077].
- 1.2 The table below provides the screening assessment for each of these listed buildings and justification for why they are not considered further in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077].
- 1.3 Many listed buildings are located within Conservation Areas or registered parks and gardens. These buildings have been assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] as part of the overall designated asset assessment rather than individually. These listed buildings and the Conservation Area/registered parks and gardens in which they are located are identified in the table below.

Table 1.1: Listed buildings screening

List Entry Number	Grade	Name	Notes
1050444	Grade I	Church of St Andrew	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] - with Trowse Newton Conservation Area.
1050651	Grade I	Church of All Saints	Screened by vegetation in churchyard and adjacent buildings – there would be few if any views - no further assessment
1050688	Grade I	Church of All Saints	Screened by vegetation in churchyard and there would be few if any views - no further assessment
1050695	Grade I	Church of St Nicholas	Largely screened by vegetation in churchyard and there would be few if any views - no further assessment
1170251	Grade I	Church of All Saints	Screened by vegetation in churchyard and there would be few if any views - no further assessment
1302231	Grade I	Church of St Mary	Adjacent to Scheduled Monument list entry number 1003984. Largely screened by planting and there would be few if any views - no further assessment
1304267	Grade I	Church of St Michael	Located over 9 km from the proposed onshore HVDC converter/HVAC substation. Largely screened by vegetation in churchyard and there would be few if any views - no further assessment
1304783	Grade I	The Hall	Located within Shotesham Park, which forms its primary setting. Faces southeast, directly away from the proposed onshore HVDC converter/HVAC substation, with service buildings and woodland to its north – no further assessment
1306126	Grade I	Church of St Nicholas	Largely screened by vegetation in churchyard and there would be few if any views - no further assessment
1373411	Grade I	Church of St Mary	Located over 9 km from the proposed onshore HVDC converter/HVAC substation. Largely screened by vegetation in churchyard and there would be few if any views - no further assessment

List Entry Number	Grade	Name	Notes
1050433	Grade II*	Church of St Remigius	Setting of listed building comprises the surrounding parkland, now largely a golf course and hotel. Largely screened by vegetation in churchyard and there would be few views - no further assessment
1050437	Grade II*	Church of The Holy Cross	Largely screened by vegetation in churchyard and there would be few if any views - no further assessment
1050556	Grade II*	Church of St Mary	Within the built development of Swardeston, this forms much of its setting. Largely screened by vegetation in churchyard and there would be few if any views - no further assessment
1050565	Grade II*	Cringleford Bridge	Structure is also a scheduled monument (see list entry number 1003981). Screening from vegetation and buildings at Cringleford removing any views - no further assessment
1050644	Grade II*	Church of All Saints	Located over 5 km from the onshore HVDC converter/HVAC substation, within the built development of Shotesham, which forms much of its setting. In practice any impact likely to be very limited - no further assessment
1050646	Grade II*	Grove Farmhouse formerly Creasey's Grove Farmhouse	Located over 5 km from the onshore HVDC converter/HVAC substation, within the built development of Shotesham, which forms much of its setting. In practice any impact likely to be very limited - no further assessment
1050649	Grade II*	The Dukes Head	Located over 5km from the onshore HVDC converter/HVAC substation, within the built development of Shotesham, which forms much of its setting. In practice any impact likely to be very limited -no further assessment
1050692	Grade II*	Mergate Hall	Largely screened by vegetation in the yard and there would be few if any views - no further assessment
1050731	Grade II*	Church of All Saints	Located over 7 km from the onshore HVDC converter/HVAC substation. Largely screened by vegetation in churchyard. In practice any impact is likely to be very limited - no further assessment

List Entry Number	Grade	Name	Notes
1050732	Grade II*	Remains of Church of St Mary	Located over 7 km from the onshore HVDC converter/HVAC substation. Largely screened by vegetation in churchyard. In practice any impact is likely to be very limited - no further assessment
1169726	Grade II*	Church of St Peter	Located within the built development of Swainsthorpe, which forms much of its setting. In practice any impact likely to be very limited - no further assessment
1170116	Grade II*	Right gateway turret to stable yard at Ketteringham Hall and attached range, incorporating three greek marbles	Associated with the Left Gateway Turret To Stable Yard (listed at Grade II*, list entry number 1373142) and the adjacent Church of St Peter (listed at Grade II*, list entry number 1373140). The setting of these assets is the parkland to Ketteringham Hall. The principal building is listed at Grade II (list entry number 1050550). The gateway turrets themselves are screened by buildings and would have no views to the onshore HVDC converter/HVAC substation. No further assessment.
1170906	Grade II*	Oaks Farmhouse	Located 10 km from the onshore HVDC converter/HVAC substation. The setting of the designated asset is formed by its surrounding fields. In practice any impact is likely to be very limited - no further assessment.
1196723	Grade II*	Stanfield Hall	The listed building faces just south of east, away from the onshore HVDC converter/HVAC substation. Designed views are in this direction and to the west. Woodland planting to the north. In practice any impact is likely to be very limited - no further assessment.
1306023	Grade II*	Drayton Lodge	Located 10 km from the onshore HVDC converter/HVAC substation. The setting of the designated asset is formed by its surrounding woodland and fields. In practice any impact is likely to be very limited - no further assessment.

List Entry Number	Grade	Name	Notes
1306618	Grade II*	Church of St Mary	Adjacent to the Ruins of Church of St Peter C.20 m East of Church of St Mary Q.V. 5/20 (listed at Grade II, list entry number 1373150). Within the built development of East Carleton, the association with which and with the adjacent church forms its setting. Vegetation in the churchyard screens the designated asset from the onshore HVDC converter/HVAC substation. In practice any impact is likely to be very limited– no further assessment.
1373111	Grade II*	High House Farmhouse	Located some 7 km southwest of the onshore HVDC converter/HVAC substation. The building faces roughly west, away from the onshore HVDC converter/HVAC substation. The setting of the designated asset is formed by its yard and fields. In practice any impact is likely to be very limited - no further assessment.
1373115	Grade II*	Church of St Remigius	Associated with the former parkland at Hethersett Hall, shown on the OS six-inch to the mile edition of 1905. Screening by planting in the churchyard. In practice any impact is likely to be very limited - no further assessment.
1373136	Grade II*	Church of All Saints	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Intwood Hall registered park and garden (list entry number 1000320).
1373140	Grade II*	Church of St Peter	Associated with the Left and Right Gateway Turrets to Stable Yard (each listed at Grade II*, list entry numbers 1373142 and 1170116 respectively). The setting of these assets is the parkland to Ketteringham Hall. The principal building is listed at Grade II (list entry number 1050550). The church is screened by planting and buildings and would have no views to the onshore HVDC converter/HVAC substation. No further assessment.
1373142	Grade II*	Left gateway turret to stable yard at Ketteringham Hall incorporating a greek marble, with attached range	Associated with the Right Gateway Turret To Stable Yard (listed at Grade II*, list entry number 1170116) and the adjacent Church of St Peter (listed at Grade II*, list entry number 1373140). The setting of these assets is the parkland to Ketteringham Hall. The principal building is listed at Grade II (list entry number 1050550). The gateway turrets themselves are screened by buildings and would have no views to the onshore HVDC converter/HVAC substation. No further assessment

List Entry Number	Grade	Name	Notes
1373212	Grade II*	Whitlingham Hospital Blocks 04, 05, 06	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Crown Point registered park and garden (list entry number 1001480).
1373264	Grade II*	The Old Rectory	Located over 9 km from the onshore HVDC converter/HVAC substation adjacent to the Church of St Michael (listed at Grade I, list entry number 1304267). Largely screened by vegetation in churchyard and there would be few if any views - no further assessment.
1379809	Grade II*	Barn and attached outbuildings at Church Farm	Screened by vegetation and there would be few if any views - no further assessment
1379810	Grade II*	Cart shed at Church Farm	Screened by vegetation and there would be few if any views - no further assessment
1379811	Grade II*	Church Farm House	Screened by vegetation and there would be few if any views - no further assessment
1050430	Grade II	Blackford Hall	Screened by vegetation and there would be few if any views - no further assessment
1050431	Grade II	Blackford Hall Chapel	Screened by vegetation and there would be few if any views - no further assessment
1050432	Grade II	Highfield House	Listed building faces south towards road. Screened by vegetation and there would be few if any views - no further assessment
1050436	Grade II	2 Houses 230 m north east of Church of St Remigius	Setting of listed building comprises the adjacent parkland, now largely a golf course and hotel, and the fields to its east and north. Largely screened by vegetation in parkland and there would be few views - no further assessment
1050441	Grade II	Memorial to Joseph Dunton 9 m south east chancel of Church of St Peter	Within the built development of Swainsthorpe. The settlement, with the other historic buildings, both designated and undesignated within it, forms its setting. In practice any impact is likely to be very limited - no further assessment.
1050442	Grade II	Glebe Farmhouse	Within the built development of Swainsthorpe. The settlement, with the other historic buildings, both designated and undesignated within it, forms its setting. In practice any impact is likely to be very limited - no further assessment.

List Entry Number	Grade	Name	Notes
1050543	Grade II	Lodge to Intwood Hall circa 100 m north of church of all saints	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with the registered park and garden at Intwood Hall
1050544	Grade II	Church of All Saints	Largely screened from the onshore HVDC converter/HVAC substation by vegetation in the churchyard which forms the part of the setting of the listed building that, along with the adjacent church remains, enhances its significance. Divided from the onshore HVDC converter/HVAC substation it by the railway and A47 road. There would be few views and in practice any impact is likely to be very limited - no further assessment.
1050545	Grade II	Remains of Church of All Saints immediately east of Church of All Saints Q.V. 6/67	Largely screened from the onshore HVDC converter/HVAC substation by vegetation in the churchyard which forms the part of the setting of the listed building that, along with the adjacent extant church, enhances its significance. Divided from the onshore HVDC converter/HVAC substation it by the railway and A47 road. There would be few views and in practice any impact is likely to be very limited - no further assessment.
1050546	Grade II	Dovecote c.20 m north west of The Mill House Q.V. 3/71	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Keswick Mill Conservation Area
1050549	Grade II	Guide post c.100 m east of Hall Farmhouse	One of number of designated assets within the parkland of Ketteringham Hall. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.
1050550	Grade II	Ketteringham Hall	One of number of designated assets within the parkland of Ketteringham Hall. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.

List Entry Number	Grade	Name	Notes
1050551	Grade II	Right gatepier to Ketteringham Hall c.40 m to north of Church of St Peter Q.V. 5/80	One of number of designated assets within the parkland of Ketteringham Hall. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.
1050552	Grade II	Icehouse to Ketteringham Hall at TG 1691 0264	One of number of designated assets within the parkland of Ketteringham Hall. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.
1050553	Grade II	Urn, c.20 m south east of Ketteringham Hall	One of number of designated assets within the parkland of Ketteringham Hall. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.
1050554	Grade II	Monument at TG 1735 0342	One of number of designated assets adjacent to the northern edge of the parkland of Ketteringham Hall, which forms its setting. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.

List Entry Number	Grade	Name	Notes
1050555	Grade II	Appletree Cottage and the White House	One of number of designated assets adjacent to the northern edge of the parkland of Ketteringham Hall, which forms its setting. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.
1050564	Grade II	Cringleford Hall	At the edge of the built development of Cringleford which forms most of its setting. Largely screened from the onshore HVDC converter/HVAC substation by vegetation and divided from it by the railway and A147 road. There would be few views - no further assessment
1050570	Grade II	Walnut Tree Cottage	Within the built development of East Carleton, the association with which forms its setting – no further assessment.
1050573	Grade II	Milestone no 4 At TG 1800 0556	Setting comprises the B1172 road on which the designated asses it located and with which it is associated. The designated asset is also associated with other items of street furniture, in particular with list entry number 1306525. In practice any impact likely to be very limited - no further assessment.
1050575	Grade II	Kitchen garden walls and attached octagonal building c.60 m north-east of Thickthorn Hall Q.V. 2/42	The listed building faces southwest, away from the onshore HVDC converter/HVAC substation. Designed views are in this direction. Planting along the eastern boundary reduces or removes views from the walled garden towards the onshore HVDC converter/HVAC substation. In practice any impact is likely to be very limited - no further assessment.
1050653	Grade II	Dairy Farm Barn	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Mulbarton Conservation Area
1050683	Grade II	The Kennels	At the edge of Shotesham. Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Shotesham Conservation Area

List Entry Number	Grade	Name	Notes
1050690	Grade II	Mergate Farmhouse	Within the built development of Bracon Ash. The settlement, with the other historic buildings, both designated and undesignated within it, forms its setting. In practice any impact is likely to be very limited - no further assessment.
1050691	Grade II	Thatch Cottage	Within the built development of Bracon Ash. The settlement, with the other historic buildings, both designated and undesignated within it, forms its setting. In practice any impact is likely to be very limited - no further assessment.
1050693	Grade II	The Dower House, Mergate Hall	Within the built development of Bracon Ash. The settlement, with the other historic buildings, both designated and undesignated within it, forms its setting. In practice any impact is likely to be very limited - no further assessment.
1050696	Grade II	Outbuildings to Bracon Hall	The listed building faces southwest, overlooking parkland and away from the onshore HVDC converter/HVAC substation. Designed views are in this direction, with trees to the southeast. In practice any impact is likely to be very limited - no further assessment.
1050697	Grade II	Crinkle-crankle wall in garden of Bracon Lodge	At the southern end of the built development of Mulbarton. Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Mulbarton Conservation Area
1050700	Grade II	The Old Hall	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Mulbarton Conservation Area
1050702	Grade II	Paddock Farmhouse	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Mulbarton Conservation Area
1050703	Grade II	Old rectory barn and Rectory Cottage	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Mulbarton Conservation Area
1050705	Grade II	Monks Farmhouse	The setting of the listed building comprises the yard and fields in which it is located. Adjacent buildings provide a degree of screening. In practice any impact is likely to be very limited - no further assessment.

List Entry Number	Grade	Name	Notes
1152237	Grade II	The Old Rectory	Screened by trees. No further assessment
1152436	Grade II	The Lodge	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Shotesham Conservation Area
1169110	Grade II	North House TG 192 049 The Farmhouse TG 192 049	At the edge of the built development of Cringleford which forms most of its setting. Largely screened from the onshore HVDC converter/HVAC substation by vegetation and divided from it by the railway and the A47 road. There would be few views - no further assessment
1169360	Grade II	Whitehouse Farmhouse	Within the built development of East Carleton, the association with which forms its setting – no further assessment.
1169537	Grade II	Thickthorn Hall	The listed building faces southwest, overlooking parkland and away from the onshore HVDC converter/HVAC substation. Designed views are in this direction and to the west, with trees to the southeast. In practice any impact is likely to be very limited - no further assessment.
1169680	Grade II	Stoke Mill House	Within Stoke Holy Cross Mill Conservation Area- no further assessment
1169688	Grade II	Rummer Inn	Within the built development of Stoke Holy Cross which forms its setting. In practice any impact is likely to be very limited - no further assessment
1169880	Grade II	Low Farmhouse	Within the built development of Keswick which forms its setting – no further assessment.
1169996	Grade II	Church Cottage	One of number of designated assets within the parkland of Ketteringham Hall. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.

List Entry Number	Grade	Name	Notes
1170070	Grade II	Left gatepier to Ketteringham Hall c.40 m to north of Church of St Peter Q.V. 5/80	One of number of designated assets within the parkland of Ketteringham Hall. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.
1170166	Grade II	Norwich Lodge	One of number of designated assets adjacent to the northern edge of the parkland of Ketteringham Hall, which forms its setting. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.
1170176	Grade II	Ivy Farmhouse	One of number of designated assets adjacent to the northern edge of the parkland of Ketteringham Hall, which forms its setting. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.
1172271	Grade II	Premises of Norfolk Pryde Ltd. formerly barn to Old Hall Farm	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Mulbarton Conservation Area
1172291	Grade II	The Old Rectory	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Mulbarton Conservation Area
1172399	Grade II	Barn c.20 m to east of Old Rectory	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Mulbarton Conservation Area
1291674	Grade II	Harford Hills	At the edge of the built Development of Norwich - no further assessment

List Entry Number	Grade	Name	Notes
1304747	Grade II	Garden Cottage with garden wall	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Shotesham Conservation Area
1305159	Grade II	Lodge Farmhouse Barn	Screened by vegetation in grounds – no further assessment
1305179	Grade II	World's End public house	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Mulbarton Conservation Area
1305225	Grade II	Bracon Lodge	At the southern end of the built development of Mulbarton. Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Mulbarton Conservation Area
1306192	Grade II	Kitchen garden walls at Ketteringham Hall including gardener's cottage and lofted gazebo	One of number of designated assets within the parkland of Ketteringham Hall. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.
1306204	Grade II	Rose pergola c.30 m south-west of Ketteringham Hall	One of number of designated assets within the parkland of Ketteringham Hall. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.
1306252	Grade II	Hall farmhouse incorporating Hall Farm Cottage	One of number of designated assets within the parkland of Ketteringham Hall. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.

List Entry Number	Grade	Name	Notes
1306307	Grade II	The Mill House	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Keswick Mill Conservation Area
1306353	Grade II	Gazebo circa 60 m east of Intwood Hall	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Intwood Hall registered park and garden (list entry number 1000320).
1306366	Grade II	The White House	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Intwood Hall registered park and garden (list entry number 1000320).
1306525	Grade II	Milestone no. 5 at TG 1646 0517	Setting comprises the B1172 road on which the designated asset located and with which it is associated. In addition, the designated asset is associated with other items of street furniture, in particular list entry number 1050573. In practice any impact likely to be very limited - no further assessment
1306560	Grade II	Cantley House	Adjacent vegetation provide screening for views towards proposed onshore HVDC converter/HVAC substation – no further assessment.
1306567	Grade II	Curzon Hall	Faces south, away from onshore HVDC converter/HVAC substation. Adjacent buildings provide screening for views towards the onshore HVDC converter/HVAC substation - no further assessment.
1306591	Grade II	The shooting lodge at East Carleton Manor	Within the built development of East Carleton, the association with which forms its setting – no further assessment.
1373057	Grade II	Mulbarton Hall	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Mulbarton Conservation Area
1373058	Grade II	Paddock farm barn c.50 m to north of farmhouse	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Mulbarton Conservation Area
1373059	Grade II	The Lodge	Screened by vegetation in grounds – no further assessment

List Entry Number	Grade	Name	Notes
1373089	Grade II	Railings at entrance to Shotesham Park	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Shotesham Conservation Area
1373092	Grade II	Mergate Hall Cottages	Within the built development of Bracon Ash. The settlement, with the other historic buildings, both designated and undesignated within it, forms its setting. In practice any impact is likely to be very limited - no further assessment.
1373093	Grade II	Bracon Hall	The listed building faces southwest, overlooking parkland and away from the onshore HVDC converter/HVAC substation. Designed views are in this direction, with trees to the southeast. In practice any impact is likely to be very limited - no further assessment.
1373108	Grade II	Pair of icehouses approximately 30 yards to north west of stables	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Shotesham Conservation Area
1373137	Grade II	Garden walls, gazebo and urn to north and north west of Intwood Hall	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with the registered park and garden at Intwood Hall
1373138	Grade II	The Mill	Further assessed in Volume 3, Chapter 5: Historic Environment of the Environmental Statement [APP-077] with Keswick Mill Conservation Area
1373143	Grade II	Terrace wall, piers steps and cast iron urns to south east front of Ketteringham Hall	One of number of designated assets within the parkland of Ketteringham Hall. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.
1373144	Grade II	Juniper House	One of number of designated assets adjacent to the northern edge of the parkland of Ketteringham Hall, which forms its setting. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.

List Entry Number	Grade	Name	Notes
1373147	Grade II	Barn c.30 m to east of Cringleford Hall	At the edge of the built development of Cringleford which forms most of its setting. Largely screened from the onshore HVDC converter/HVAC substation by vegetation and divided from it by the railway and A147 road. There would be few views - no further assessment
1373150	Grade II	Ruins of Church of St Peter c.20 m east of Church of St Mary Q.V. 5/20	Adjacent to the Church of St Mary, listed at Grade II* (list entry number 1306618). Within the built development of East Carleton, the association with which and with the adjacent church forms its setting. Vegetation in the churchyard screens the designated asset from the onshore HVDC converter/HVAC substation. In practice any impact is likely to be very limited– no further assessment.
1373151	Grade II	Majority Cottage	Within the built development of East Carleton, the association with which forms its setting – no further assessment.
1373154	Grade II	Church of St Mary	Located within the hamlet of Armighall the association forming its setting. Vegetation in the churchyard filters any views from the designated asset towards the onshore HVDC converter/HVAC substation. In practice any impact is likely to be very limited– no further assessment.
1373206	Grade II	Dunston Hall	Setting of listed building comprises the surrounding hotel buildings and parkland, now largely a golf course. Largely screened by buildings and vegetation and there would be few views. In practice any impact is likely to be very limited - no further assessment
1373207	Grade II	Stoke Mill	Within Stoke Holy Cross Mill Conservation Area- no further assessment
1373208	Grade II	The Old House	Within the built development of Stoke Holy Cross which forms its setting. In practice any impact is likely to be very limited - no further assessment

List Entry Number	Grade	Name	Notes
1387306	Grade II	The boileau mausoleum approximately 15 m east of Church of St Peter	One of number of designated assets within the parkland of Ketteringham Hall. The principal façade of Ketteringham Hall faces northeast, away from the onshore HVDC converter/HVAC substation and designed views within the parkland broadly face in this direction. Views in the direction of the onshore HVDC converter/HVAC substation are constrained by belt planting at the edge of the park and by trees in its interior. No further assessment.
1440926	Grade II	Home Farm House	Within the built development of Bracon Ash. The settlement, with the other historic buildings, both designated and undesignated within it, forms its setting. In practice any impact is likely to be very limited - no further assessment.
