1. Introduction

Purpose

- 1.1 This document has been prepared in order to provide the Examining Authority (ExA) with the final position on Statements of Common Ground (SoCG) between the Applicant and statutory consultees, statutory undertakers and interested parties in relation to the proposed wind farm project.
- 1.2 This report is a live document during the examination and will provide to ExA with a final position on the commonality on specific points between SoCG at Examination Deadline 8 (26th March 2019).

Structure

- 1.3 The remainder of this report is structured as follows:
- **Section 2** details the structure of each SoCG document and provides an up to date list of SoCGs.
 - **Section 3** sets out the status of each SoCG.
 - **Section 4** sets out the commonality between SoCGs and a summary of the final position as well as the latest position on protective provisions that will be submitted at Deadline 8.

2. Position

Structure of SoCGs

- 2.1 To ensure consistency in the approach taken to documenting matters agreed, matters subject to further negotiation or matters not agreed, each of the SoCGs adopted a standard format in order to provide clarity to other parties and ultimately the ExA.
- 2.2 Each SoCG was broadly structured in the following way:
- Section 1 provided an introduction to the SoCG its approach and a description of its purpose.
 - Section 2 provided details the consultation undertaken
 - Section 3 set out the agreement log and progress.
 - Section 4 set out a summary of matters which were subject to negotiation or not agreed.

List of SoCGs

- 2.3 In accordance with guidance published by the Department of Communities and Local Government¹ (DCLG), the Applicant prepared SoCGs with a number of statutory consultees, statutory undertakers and interested parties during the preparation of the DCO and during the Examination stage.
- 2.4 The SoCGs identify matters on which parties agree and to document the position of each party where agreement was not reached. The Table 2.1 provides the list of SoCGs that the Applicant prepared with various bodies.

SoCGs not considered necessary

2.5 For those parties where Table 2.1 identifies that a SoCG is not considered to be necessary, a Letter of Comfort (LoC) was prepared. The matters on which the parties remain in discussion are limited in scope and so the LoCs were considered to be more appropriate than SoCG in order to capture status of discussions. The outline of each LoC is provided below in the Table 2.2:

Table 2.2: Status of LoCs at Deadline 1 (7th Nov 2018).

Party	LoC summary and position
National Grid Electricity Transmission PLC	Position: Not provided at Deadline 1. LoC to be provided if required at later deadlines as negotiations are ongoing. Please refer to updated Appendix B and C of the Statement of Reasons within the Acquisitions Schedule for the latest position.

ConocoPhillips (U.K) Limited	Position: Not provided at Deadline 1. The Applicant has engaged ConocoPhillips in order to resolve the issues raised in the ConocoPhillips Relevant Representation (RR-036). These discussions are ongoing, with progress made on the issues raised. A Position Statement between the parties will be provided to the Ex.A for Deadline 2.
Neptune E&P UK Limited	Summary: LoC provided at Deadline 1. Neptune operate Cygnus gas field. Helicopters service Cygnus gas field installations from Norwich International Airport. Direct flights will pass over Hornsea Project One and Hornsea Project Two. In cold weather conditions icing on helicopter blades may occur requiring helicopters to drop altitude. In weather with good visibility, a lower flight altitude would require a short deviation through the corridor between Hornsea Project One, Two, and Hornsea Three. In low visibility conditions, a larger deviation around Hornsea Three would be required. Dialogue relating to the implications for carrying out flight deviations, including cost implications and exact routing requirements, are ongoing. Position: LoC signed with outstanding matters on 01 November 2018.
Shell UK Limited	Position: Not provided at Deadline 1. The Applicant has engaged Shell in order to resolve the issues raised in the Shell Relevant Representation (RR-150). These discussions are ongoing and significant progress has been made on all issues raised by Shell. A Position Statement between the parties will be provided to the Ex.A for Deadline 2.
Land Interest Groups	Position: Not provided at Deadline 1. LoC to be provided if required at later deadlines as negotiations are ongoing. Please refer to updated Appendix A of the Statement of Reasons within the Acquisitions Schedule for the latest position.

3. Status

Summary of current position

- 3.1 This section provides the ongoing position of each SoCG. Where further progress will be made with a party, the updated version of the SoCG will be submitted alongside this document at each Deadline. Final position of SoCG will be submitted at Deadline 8 on 26th March 2019.
- 3.2 **Error! Reference source not found.** provides a high-level position and where necessary includes further detail to aid understanding of the ExA. In summary the high-level positions used in **Error! Reference source not found.** are as follows:
- Final Signed SoCG all matters agreed – The final SoCG has been signed by both parties and all matters are agreed.
 - Final Signed SoCG with matters outstanding – The final SoCG has been signed by both parties, and the remain matters outstanding that Applicant and the other party agree will not be resolved during Examination.
 - SoCG in draft – The final SoCG was drafted by the Applicant, it has been shared with the other party and comments have been provided.
- 3.3 Draft SoCGs with the following stakeholders have not been provided with the Applicant's response to Deadline 1, although discussions are ongoing and the Applicant is continuing to develop SoCGs with these stakeholders for submission to the Ex.A:
- Natural England: Benthic Ecology and Marine Processes Matters: Natural England raised a number of questions in relation to benthic ecology and marine processes in their Relevant Representation (RR-097). The Applicant provided draft responses and clarifications on these to Natural England, together with clarification notes (presented at Appendix 5, 6 and 11 to the Applicant's response to Deadline 1), September and October 2018, with the aim of addressing the questions raised. However, due to Natural England's resource constraints, it has not been possible to meet with Natural England to discuss these matters. The Applicant and Natural England are continuing to develop a SoCG for Benthic Ecology and Marine Processes Matters and will provide this to the Ex.A as soon as possible during the Examination Phase.
 - Natural England: Ornithological Matters: Natural England raised a number of questions in relation to ornithology in their Relevant Representation (RR-097). The Applicant provided draft responses and clarifications on these to Natural England, together with clarification notes (presented at Appendix 3, 4, 7, 8, 9 and 10 to the Applicant's response to Deadline 1) in September and October 2018, with the aim of addressing the questions raised. However, due to Natural England's resource constraints, it has not been possible to meet with Natural England to discuss these matters. The Applicant and Natural England are continuing to develop a SoCG for Ornithological matters and will provide this to the Ex.A as soon as possible during the Examination Phase.

- The RSPB: RSPB raised a number of questions in relation to Ornithology in their Relevant Representation (APP-113). The Applicant provided clarifications on these to the RSPB during a meeting on 8 August 2018, together with clarification notes (presented at Appendix 3, 4, 7, 8, 9, 10 and 11 to the Applicant's response to Deadline 1) sent in October 2018, with the aim of addressing the questions raised. The Applicant and the RSPB are continuing to develop a SoCG and will provide this to the Ex.A as soon as possible during the Examination Phase.
- Historic England: The Applicant is in ongoing dialogue with Historic England in relation to developing a SoCG. The Applicant has met with Historic England to discuss outstanding concerns as raised in their Relevant Representation and following this meeting, the Applicant provided a draft SoCG to Historic England for input. However, due to Historic England resource constraints, it has not been possible to produce a draft SoCG to meet Deadline 1. The Applicant and Historic England are continuing to develop a SoCG and will provide this to the Ex.A as soon as possible during the Examination Phase.
- North Norfolk District Council: The Applicant is in ongoing dialogue with North Norfolk District Council in relation to developing a SoCG. The Applicant has met with North Norfolk District Council in October 2018 to discuss outstanding concerns as raised in their Relevant Representation, however, due to North Norfolk District Council resource constraints, it has not been possible to produce a signed draft SoCG ahead of Deadline 1. Notwithstanding this, a well-developed draft has been prepared with input from both parties in which agreement has been reached on many matters, with confidence that agreement on many outstanding matters can be reached through ongoing engagement. The Applicant and North Norfolk District Council are continuing to develop this SoCG and will provide this to the Ex.A at Deadline 2.
