**Subject:** REF EN010080 - HORNSEA THREE - REQUEST FROM N2RS TO PARTICIPATE IN ISH1 on December 4th 2018

I write on behalf of N2RS (Registration number 20010193) to request that N2RS group members Ms Beverley Wigg (Communications) and Miss Katie Taylor (Planning) are confirmed as being listed to have the opportunity to participate in ISH1 scheduled for December 4th 2018.

As per your appendix C, N2RS believes that the specific issues it wishes to address are in line with ISH1 and are:

- onshore matters relating to the impact of HVAC transmission systems such as the scale, design, noise and overall environmental impact of the booster station proposed near Little Barningham

We wish to request that we have an opportunity to participate on other dates if this particular topic is rescheduled or if it is extended and added to other dates in the future.

I look forward to hearing from you.

Regards

Katie Taylor
