---

Good afternoon,

**RE: Mr and Mrs Hall, [REDACTED]  
/ Hornsea Project three**

Please find below an email dated 10<sup>th</sup> December 2018 to Richard Bacon MP from Mrs Natasha Hall who is concerned that the development of the Hornsea Three Project in Swardeston has left her family prisoners in their own home, as it is no longer saleable.

Mr Bacon has asked me to write immediately on his behalf to ask for a substantive response on the points his constituents have raised. As you will see, these are specifically:

*"...we asked working times they [Orsted] stated 8.00-5.00 5 days maybe saturday morning we have since found out it is 6 days a week 7-5.30 and bank holidays.*

*We asked for a visual but got shown plans which looked like storage units which we both know it is going to be the size of the N&N hospital these have not been forthcoming*

*Asked at the latest meeting (7th December) when landscaping will start Orsted abruptly said not until 3 years after 1st stage- we got told they would start visual screening for our property straight away another lie*

*And they have stated on live radio that there is no evidence of it devaluing our property- another lie we cannot sell so we are prisoners in our own home".*

These are worrying points and Mr Bacon would be grateful for your urgent attention to this matter.

With best regards,

Joanna Church  
Senior Caseworker  
On Behalf of Richard Bacon MP

**Subject:** Re: Email from <http://richardbacon.org.uk> (Case Ref: RB3448)

Morning Mr Bacon

I understand that you have met with Derek Barber chair of Swardeston Parish Council re

Hornsea project

I would like to invite you to our property to visually see the impact that this construction will have on my family and I

None of our concerns seem to be taken seriously we have had a visit (after much badgering) from Orsted who just lie

for example we specifically asked working times they stated 8.00-5.00 5 days maybe saturday morning we have since found out it is 6 days a week 7-5.30 and bank holidays.

We asked for a visual but got shown plans which looked like storage units which we both know it is going to be the size of the N&N hospital these have not been forthcoming

Asked at the latest meeting (7th December) when landscaping will start Orsted abruptly said not until 3 years after 1st stage- we got told they would start visual screening for our property straight away another lie

And they have stated on live radio that there is no evidence of it devaluing our property- another lie we cannot sell so we are prisoners in our own home

This is just the tip of the iceberg of issues we have encountered

Hopefully you will be able to give us some of your valuable time

Regards  
Natasha Hall

Hi

We would like some advise on the Hornsea windfarm (Orsted/Dong)project which is going to build the convector next door to us and also site building works along our hedgeline.

We were looking to move next year but we now feel we cannot as no=one will purchase at current valuation. We have been to local meeting and it was suggested that there would be a chance of them purchasing our property or compensating for devaluing but they have emailed to say they will not. I really dont think they have given our situation any consideration what so ever- if you could advise that would be great Many Thanks Natasha & Steven Hall
