Subject: EN010080 - Deadline 3 - National Grid Response [DLAP-UKMATTERS.FID4506945]
Date: 14 December 2018 09:29:50

Dear Sirs

We are instructed by National Grid Electricity Transmission Plc (NGET) and National Grid Gas Plc (NGG) (together 'National Grid').

We write further to our previous correspondence dated 5 December 2018 regarding the revised draft DCO.

National Grid is still in negotiations with the Application in relation to the draft DCO and the changes it requires to the Protective Provisions. The wide compulsory acquisition rights being sought by the Applicant as part of the draft DCO are not acceptable to National Grid. National Grid is working with the Applicant in order to agree an acceptable alignment and extent of cable route and associated rights into Norwich substation in lieu of such rights.

National Grid reserves the right to make further representations as part of the examination process in the event that negotiations do not progress.

Yours faithfully

DLA Piper UK LLP
