F6.1	<p>Condition 24 (Decommissioning of cable protection within marine protected areas) has been added to Schedule 12. The condition refers to an appropriate survey of cables within Work No. 1(c) that are subject to cable protection and that are situated within any European Site or MCZ.</p> <p>Is the Work number correct?</p> <p>Is it intended that this condition should apply to Schedule 11, to Schedule 12, or to both?</p> <p>If the condition is intended to apply to Schedule 11, is it intended to apply to any recommended MCZ?</p>

F6.2	<p>It appears that plot 3-028 has been deleted from Schedule 6. It is referred to in the schedule of changes to the DCO in the context of Norwich Road although it is in a different location. The plot is still shown on the land plans and in the Book of Reference.</p> <p>Please comment on this anomaly and make any necessary corrections to the final documents.</p>

Yours faithfully
