

Eggborough CCGT Project

Accompanied Site Inspection (ASI) Itinerary – 21 November 2017

The site inspection will involve the use of a vehicle but will include some walking. The ExA request's that all attendees wear appropriate clothing for the weather, and sturdy footwear.

Where the ExA is able to view disputed plots from public land, he has done so unaccompanied. The ExA would like to remind all participants that the site inspection is not an opportunity to make any oral representations on the application, but simply an opportunity to identify physical features that are relevant to the examination.

This itinerary is indicative and therefore it is not possible to predict how long each part of the visit will last or when particular sites will be visited.

The site inspection will begin at 10.00am at the Eggborough Sports & Social Club.

Itinerary

- 1) Meet at **Eggborough Sports & Social Club**, Goole, East Yorkshire, DN14 0UZ at **10.00am**. The applicant has advised that a health and safety briefing will be required to take place prior to the commencement of the site visit. The site visit will commence immediately afterwards.
- 2) The applicant has published a suggested route for the site visit. This document has been published on the Eggborough CCGT section of the National Infrastructure pages of the Planning Inspectorate website, and can be found by clicking on [this link](#).
- 3) Protective footwear is required on the Power Station site. Walking boots are suitable. The applicant will provide hard hats, protective glasses, high vis jackets etc. Protective footwear can be provided with advance warning. Due to this requirement to wear PPE whilst on the application site and the security requirements of some of the sites that the ExA is inspecting whereby only persons whose names have been provided in advance will be admitted.
