Our Ref: EN010082

Date: 18 April 2018

Dear Sir/ Madam

The Planning Act 2008 – Section 89, and The Infrastructure Planning (Examination Procedure) Rules 2010 – Rule 8

Application by Sembcorp Utilities (UK) Limited for an Order Granting Development Consent for the Tees CCPP Project

Examination Timetable and Procedure

This letter provides you with the Examination Timetable, details of the publication of the Examining Authority's (ExA) Written Questions and other important information about the Examination.

All documentation associated with this project, including a note of the Preliminary Meeting and the audio recording taken at that meeting can be found using this link:

<https://infrastructure.planninginspectorate.gov.uk/projects/north-east/tees-ccpp/>

Appointment of Replacement Examining Authority

I write to you following my appointment by the Secretary of State (SoS) to replace Kevin Gleeson as the Examining Authority (ExA) to carry out the examination of the above application by Sembcorp Utilities (UK) Limited. A copy of the appointment letter can be viewed at:

[Appointment of ExA letter](#)

The Examination Timetable

I have made a Procedural Decision about the way the application will be examined. I have now issued a final Examination Timetable, which is attached at **Annex A** of this letter. The Examination Timetable replaces the draft timetable that was included in the Rule 6 letter dated the 9 March 2018.

In finalising the Examination Timetable, I have sought to accommodate requests and suggestions made at the Preliminary Meeting held on **Tuesday 10 April 2018** at the Redcar and Cleveland House, Kirkleatham Street, Redcar, TS10 1RT. The changes to the Examination Timetable and other Procedural Decisions are explained in **Annex B** of this letter.

Please note that the Examination Timetable contains a number of deadlines for receipt of information by the Planning Inspectorate. All deadlines are at **23.59** on the date specified. Please ensure submissions arrive by the deadline. If you do not make your submissions by the dates specified in the timetable, I may disregard them.

I request that Interested Parties send, where practicable, electronic copies of their submission as email attachments to TeesCCPP@pins.gsi.gov.uk on or before the applicable deadline. Electronic attachments should be clearly labelled with the subject title and not exceed 12MB for each email. Providing links to websites where your submissions can be viewed is not acceptable. All documents submissions must be made in a format that can be viewed in full on the Planning Inspectorate's website.

Should electronic submissions include documents of 300 pages or more, Interested Parties are advised to send 2 additional full paper copies of their submission by post to the address at the top of this letter'

If I consider it necessary to vary the Examination Timetable during the Examination, notification will only be sent to all parties invited to the Preliminary Meeting. The changes will also be published on the Tees CCPP project page of the Planning Inspectorate's website.

Procedural Decisions

Annex B of this letter contains important details and clarifications about my other Procedural Decisions made at, or following, the Preliminary Meeting. These include:

- **Changes to the Examination Timetable**
- **Statements of Common Ground;**
- **Local Impact Reports;**
- **Habitat Regulations 2017**

Written Representations

All Interested Parties are now invited to submit Written Representations and any comments on the Relevant Representations already submitted. These should be submitted by **Deadline 2, Wednesday 16 May 2018** in the Examination Timetable (**Annex A**).

Written Representations can cover any relevant matter and are not restricted to the matters set out in my Initial Assessment of Principal Issues discussed at the Preliminary Meeting and included in my Rule 6 letter dated 9 March 2018. Nor are they restricted to the content of my Written Questions.

Any person, other than the Applicant, who submits a Written Representation must identify those parts of the application with which they agree and those parts with

which they do not agree, explaining the reasons why as required under Rule 10(4) of The Infrastructure Planning (Examination Procedure) Rules 2010 (EPR). Interested Parties should also provide with their Written Representations "*the data, methodology and assumptions used to support their submissions*" in accordance with [Government Guidance](#).

Any Written Representations, and any further written submissions requested by the ExA in the course of the Examination, which exceed 1500 words should also be accompanied by a summary which should not exceed 10% of the original text. The summary should set out the key facts of the written submission and must be representative of the submission made.

ExA's Written Questions

I have compiled Written Questions (WQs) about the application and the representations received so far. These questions are published on the Tees CCPP project page of the National Infrastructure Planning website and can be accessed through the following link:

<https://infrastructure.planninginspectorate.gov.uk/document/EN010082-000350>

Answers to my WQs must be provided by **Deadline 2, Wednesday 16 May 2018** in the Examination Timetable (**Annex A**).

The Examination Timetable provides that I may issue Further Written Questions if I consider this to be necessary. However, as discussed at the Preliminary Meeting, I may decide not to issue these questions if the information that I need has been or can be provided by the other written procedures and by oral hearings provided for in the Examination Timetable.

If you require a hard copy of my WQs, please contact the Case Team using the contact details at the top of this letter.

Statements of Common Ground (SoCG) and Local Impact Reports (LIR)

In my Rule 6 letter of 9 March 2018, I requested SoCGs. I now formally invite the submission of completed SoCGs by **Deadline 2, Wednesday 16 May 2018** as listed in the Examination Timetable (**Annex A**). As stated at the Preliminary Meeting I would hope to receive signed versions of all SoCG by this date. However, I anticipate that over the course of the Examination, areas of issues between Interested Parties might be resolved, such that the 'uncommon' ground might then be the identified ground between parties.

I also request that the Applicant provides a table which shows the commonality on specific points between SoCG. This table should be updated during the Examination to reflect additional agreement achieved, for reference within the report to the SoS.

Local Authorities defined in s56A of the Planning Act 2008 (PA 2008) are also invited to submit LIRs by **Deadline 2, Wednesday 16 May 2018**.

Notification of a wish to attend a hearing

I now request notifications by **Deadline 1, Tuesday 24 April 2018** of:

- (a) any Interested Party who wishes to speak at the **Issue Specific Hearing (ISH)** on Environmental Matters, to be held on Wednesday 13 June 2018;
- (b) any Interested Party who wishes to speak at an **Open Floor Hearing (OFH)**;
- (c) any Interested Party who wishes to attend the **Accompanied Site Inspection (ASI)** to inspect the locality of the scheme.

Interested parties who wish to speak at a forthcoming ISH, OFH or ASI should notify Tracey Williams (Case Manager) using the contact details at the top of this letter by **Deadline 1, Tuesday 24 April 2018**.

It would greatly assist in the organisation of the hearings if you inform us if you plan to attend all the hearings or a specific hearing, even if you do not wish to speak.

It would also assist us if you could notify us of any special needs you may have (for example disabled access or a hearing loop).

If an Interested Party wishes to make an oral representation at an OFH or an ISH they should indicate which topics they wish to address at the hearing.

If no written requests to take part in an OFH are received by the above deadline, I am not required to hold such a hearing; although I may choose to do so nonetheless.

I aim to publish a detailed draft Agenda for each hearing on the project page of our website at least five working days before the hearing is due to take place. The actual agenda on the day of each hearing may be subject to change at the discretion of the ExA.

I will formally notify all Interested Parties of future hearings scheduled as part of the Examination (**Annex A**) at least 21 days in advance of them taking place. That notification will include an additional deadline for Interested Parties to inform the Planning Inspectorate if they wish to attend the notified hearing(s). If those Hearings are not required I will publish a banner on the Tees CCPP project page.

Procedure at hearings and notification of wish to speak at hearings

The procedure to be followed at hearings is set out in Rule 14 of the EPR. Any oral representations must be based on either the Relevant or Written Representations made by the person by whom or on whose behalf the oral representations are made. I shall be responsible for the oral questioning of a person giving evidence but your attention is drawn to Rule 14(5) of the EPR and the circumstances that apply to cross-questioning between parties.

The Examination will be principally undertaken through written procedures. Whilst I am required to hold OFH in certain circumstances, the decision to hold and the subject matters for Issue Specific Hearings are for me to decide.

My decisions about hearings are not connected to how relevant or important I consider an issue or topic to be. I take these decisions balancing a wide range of factors, including the stage that the Examination has reached, progress in clarifying matters through written procedures and the degree to which further written procedures might be avoided or reduced or matters better clarified by holding a hearing.

Site Inspections

As indicated at the Preliminary Meeting the ExA, Kevin Gleeson undertook an Unaccompanied Site Inspection (USI) on 14 March 2018 and I also undertook an USI on 9 April 2018. The notes of the USIs can be read [here](#).

An Accompanied Site Inspection (ASI) has been scheduled for **Tuesday 12 June 2018 (Annex A)**. Any requests from Interested Parties for me to inspect particular locations or features must be received by **Deadline 1, Tuesday 24 April 2018**. You must justify the reason for the nomination. Please be aware that I cannot carry out unaccompanied inspections on private land or where special measures with regards to safety must be followed.

It may be necessary to limit the numbers of persons who accompany me for logistical and safety reasons, but it should be possible for arrangements to be made for Interested Parties (or their representatives) to join the inspection at specified locations within the itinerary. Please contact the Case Team if you wish to meet the inspection at a specific location within the itinerary, or at a new location, as proposed in your comments.

The final itinerary for the ASI will be published on the Tees CCPP Project page of the National Infrastructure Planning website at least 5 working days before the inspection.

Please note that the ASI is not an opportunity to make any oral representations on the proposal. However, I may invite participants to indicate specific features or sites of interest.

Availability of Application Documents and Representations submitted to the Examination

Annex C of this letter provides details of locations in the vicinity of the Proposed Development at which all Examination documents can be viewed electronically, free of charge.

Advice to Interested Parties about how to access and navigate the Examination Library is also provided at **Annex C**.

All documentation and audio recordings associated with the examination of this application, including a note of the Preliminary Meeting and the audio recording taken at that meeting, can be found using this link to the Tees CCPP Project page of the National Infrastructure Planning Website:

[Tees CCPP Project - Documents](#)

Your status in the Examination and future notifications

This letter has been sent to you because you (or the body you represent) fall within one of the categories in s88(3) of the Planning Act 2008 (PA2008).

If you have made a Relevant Representation, have a legal interest in the land affected by the application or are a relevant local authority (reference numbers beginning with 2001, TEES-IP and TEES-S57), you have a formal status as an Interested Party in the Examination.

Interested Parties will receive notifications from the Planning Inspectorate about the Examination throughout the process and may make written and oral submissions regarding the application.

If you are a Statutory Party (i.e. body specified in the relevant Regulations supporting the PA2008) but have not made a Relevant Representation (reference number beginning with TEES-SP) you will not automatically be an Interested Party. However, you may notify the Planning Inspectorate that you wish to be treated as an Interested Party at any point during the Examination.

Statutory Parties who have not made a Relevant Representation and do not notify us of their wish to become an Interested Party **will not** receive any further correspondence in relation to the examination of this application.

If you are not an Interested Party or a Statutory Party (i.e. body specified in the relevant regulations supporting the PA2008), you have received this letter because you were invited to the Preliminary Meeting as an Other Person because it appeared to me that the Examination could be informed by your participation in the Examination. Other Persons have a reference number beginning with TEES-OP.

If you are not sure whether you are an Interested Party, please contact the Case Team using the details at the top of this letter. Information regarding the formal status of Interested Parties and how you can get involved in the process is set out in the Planning Inspectorate's Advice Note 8 series, available [here](#):

Award of costs

You should be aware of the possibility of the award of costs against parties who behave unreasonably.

To assist understanding of what 'unreasonable behaviour' means in the context of an examination under the PA2008, you may find it helpful to read the Government Guidance: [Awards of Costs: Examinations of Applications for Development Consent Orders \(July 2013\)](#) It is in everyone's interest that information is brought forward as early as possible in the examination process so you are encouraged to do so.

Management of information

The Planning Inspectorate has a commitment to information transparency. Therefore, all information submitted for this project (if accepted by the EXA) and any record of advice which has been provided, is published on the [Tees CCPP Project page](#) of the National Infrastructure Planning Website.

The privacy of any other personal information has been protected in accordance with the Planning Inspectorate's Information Charter.

I look forward to working with all parties in the examination of this application.

Yours faithfully

David Richards

David Richards
Examining Inspector

Annexes

- A** Examination Timetable
- B** Procedural Decisions made by the Examining Authority
- C** Availability of Examination Documents

Advice may be given about applying for an order granting development consent or making representations about an application (or a proposed application). This communication does not however constitute legal advice upon which you can rely and you should obtain your own legal advice and professional advice as required.

A record of the advice which is provided will be recorded on the National Infrastructure Planning website together with the name of the person or organisation who asked for the advice. The privacy of any other personal information will be protected in accordance with our Information Charter which you should view before sending information to the Planning Inspectorate.

Timetable for Examination of the Tees CCPP Application

Publication Dates

All information received will be published on the project website as soon as practicable after the deadline for submissions. An Examination Library will be kept up to date throughout the Examination and can be accessed via the project page. Each document will be afforded a unique reference. These references will be used by the ExA during the Examination.

<https://infrastructure.planninginspectorate.gov.uk/projects/North%20East/Tees-CCPP/>

Hearing Agendas

Please note that we will aim to publish a detailed draft agenda for each hearing on the project website at least five working days in advance of the hearing date; but the actual agenda on the day of each hearing may be subject to change at the discretion of the ExA.

Report on the Implications for European Sites (RIES)

Where the Applicant has provided a No Significant Effects Report or a Habitats Regulations Assessment (HRA) Report with the DCO application, the ExA may decide to issue a RIES during the Examination. The RIES is a factual account of the information and evidence provided to the ExA on HRA matters during the Examination up to the date of the publication of the RIES, for the purposes of enabling the Secretary of State, as competent authority, to undertake its HRA. It is not the ExA's opinion on HRA matters. Comments on the RIES will be invited by the ExA and any received will be taken into account as part of the ExA's Recommendation to the relevant Secretary of State.

The Secretary of State may rely on the consultation on the RIES to meet its obligations under Regulation 63(3) of the Habitats Regulations and/ or Regulation 28 of the Offshore Marine Regulations.

Procedural Decisions made by the Examining Authority (ExA)

The ExA has made the following procedural decisions under Section 89(3) of the Planning Act (as amended)(PA 2008)

1. The Examination Timetable

At the Preliminary Meeting I announced that I would consider amending the draft Examination Timetable. The final Examination Timetable can be found in Annex A of this letter. Please note item numbers referred to in the 'Note of the Preliminary Meeting' and in the audio of the same meeting will be different that those in the final Examination Timetable. I have made the following changes to the timetable;

- Deadline 4 has been moved from Sunday 10 July to Friday 6 July 2018.
- I have added a submission of a 'Table of Commonality' for SoCGs at Deadline 2.

2. Statements of Common Ground (SoCG)

The ExA would be assisted by the preparation of SoCGs between the Applicant and certain Interested Parties. The timetable for the Examination therefore provides a deadline for submission of SoCGs. This is at **Deadline 2 Wednesday 16 May 2018.**

The aim of a SoCG is to agree factual information and to inform the ExA and all other parties by identifying where there is agreement and where the differences lie at an early stage in the examination process. It should provide a focus and save time by identifying matters which are not in dispute or need not be the subject of further evidence. It can also usefully state where and why there may be disagreement about the interpretation and relevance of the information. The reasons for the differences and interpretation of the implications of a difference can then be expanded in the evidence. Unless otherwise stated or agreed, the SoCG should be agreed between the Applicant and the other relevant interested party or parties, and submitted by the Applicant.

The SoCGs are requested to be prepared by:

- A. **The Applicant and Redcar and Cleveland Borough Council** to include:
- Development Consent Order
 - Economic and Social impacts
 - Environmental Impact Assessment, including issues related to:
 - The assessment and its potential effects
 - Cumulative effects
 - Noise and disturbance including construction, operational and decommissioning noise and vibration effects
 - Landscape and visual impact

- Air quality
 - Nature conservation effects
 - Highways and transport
 - Construction Environmental Management Plan.
- B. **The Applicant and the Environment Agency** to include:
- Development Consent Order
 - Environmental Permits
 - Combined Heat and Power
 - Carbon Capture and Storage
 - Water environment effects including abstraction and discharge, drainage, flooding and the Water Framework Directive
 - Construction Environmental Management Plan
 - Air Quality Assessment
- C. **The Applicant and Natural England** to include:
- Development Consent Order
 - Effects on habitats, species and nationally designated sites
 - Effects on European sites and features relevant to Habitat Regulations Assessment; assessment methodology and conclusions
- D. **The Applicant and the National Grid Electricity Transmission / National Grid Gas** to include:
- Impact on existing apparatus
 - Connection matters
- E. **The Applicant and Tees Valley Wildlife Trust** to include:
- Impact on bird species biodiversity

The SoCGs should cover the following topics where relevant:

- Methodology for Environmental Impact Assessment including assessment of cumulative effects
- Data collection methods
- Baseline data
- Data/ statistical analysis, approach to modelling and presentation of results (including forecast methodologies)
- Full expression of expert judgements and assumptions
- Identification and sensitivity of relevant features and quantification of potential impact
- Likely effects (direct and indirect) on special interest features of sites designated or notified for any nature conservation purpose
- Feasible and deliverable mitigation and method for securing such mitigation within the Development Consent Order

3. Local Impact Reports (LIR)

Redcar and Cleveland Borough Council are invited to submit their Local Impact Report by **Wednesday 16 May 2018**.

4. Habitats Regulations 2017

The Applicant is requested to provide revised screening matrices (in Word and pdf formats) for its Habitats Regulation Assessment – No Significant Effects Report [APP-076] using the screening matrix template published in the Planning Inspectorate’s Advice Note 10: Habitats Regulation Assessment (Advice Note 10), for **Deadline 1, Tuesday 24 April 2018** to reflect the following:

- a) In accordance with Advice Note 10, the screening matrices for the SPAs should include each qualifying feature of the European site in separate rows and assess the likely effects on each. The ExA acknowledges the Applicant’s reasoning for the current presentation of the screening matrices (as explained in paragraph H1.79 of the HRA Report [APP-076]), but considers that the approach in Advice Note 10 must be followed to ensure all qualifying features of each designation have been fully considered in the assessment.
- b) The waterbird assemblage qualifying feature should be included in the matrix for the Teesmouth and Cleveland Coast SPA.
- c) The footnotes to all of the screening matrices should be revisited to ensure specific paragraph references are provided in all relevant circumstances to confirm the source of the information/ conclusion provided. This should include reference to evidence of agreement with Natural England, where applicable.
- d) If any mitigation measures have been relied upon to reach the conclusions in the HRA report, the footnotes to all of the matrices should be revised to include the precise mitigation measures relied on, cross-referenced to the draft Development Consent Order (DCO) to confirm how these measures would be secured.

Availability of Examination Documents

All application documents including Relevant Representations and application documents are available on the National Infrastructure Planning website:

<https://infrastructure.planninginspectorate.gov.uk/projects/North%20East/Tees-CCPP/>

For ease of navigation, please refer to the Examination Library (EL) which is accessible via a blue button under the 'Documents' tab. The EL is updated regularly throughout the Examination.

Each document is provided with a unique reference which will be fixed for the duration of the Examination. Please use the unique reference numbers applied in the EL when referring to any Examination documents in representations that you make.

Documents can be viewed electronically at the following locations. Please note that you may need to bring a form of ID to use the computer at these locations.
