

Appendix 2: Status of WPAs counted within Study Area with regards to net self sufficiency

Waste Planning Area	Regional Entity	Commitment to Net Self Sufficiency
East Sussex , including Brighton and Hove;	SEWPAG	7.1 The Parties recognise that there will be a degree of cross-boundary movement of waste. In light of this, the Parties will plan on the basis of net self-sufficiency which assumes that within each waste local plan area the planning authority or authorities will plan for the management of an amount of waste which is equivalent to the amount arising in that plan area. <i>Memorandum of Understanding between the Waste Planning Authorities of the South East of England April 2017</i>
Kent , including Medway;		
West Sussex.		
South East London , Comprising Bexley, Greenwich, Lewisham and Southwark;	Greater London Authority and The London Plan	"Policy 5.16 Waste net self-sufficiency A The Mayor will work with London boroughs and waste authorities, the London Waste and Recycling Board (LWArB), the Environment Agency, the private sector, voluntary and community sector groups, and neighbouring regions and authorities to: a manage as much of London's waste within London as practicable, working towards managing the equivalent of 100% of London's waste within London by 2026 b create positive environmental and economic impacts from waste processing c work towards zero biodegradable or recyclable waste to landfill by 2026." Plus requirement to provide capacity to meet Borough level apportionments to manage household and commercial and industrial waste within each area.
South London , comprising Bromley, Croydon, Merton, Kingston-upon-Thames and Sutton.		
East London , comprising Barking and Dagenham, Havering, Newham and Redbridge;		
Essex , including Southend-on-Sea and Thurrock;	East of England	"5.2 The Plan is based on the principle of net self-sufficiency, where practicable. This means having sufficient waste transfer, recycling, recovery, and disposal capacity within the Plan area to manage the amount of waste generated, with only limited cross border movements with other authorities." <i>Essex and Southend-on-Sea Waste Local Plan Adopted July 2017</i>
