**WHEELABRATOR KEMSLEY GENERATING STATION (K3) AND
WHEELABRATOR KEMSLEY NORTH (WKN) WASTE TO ENERGY FACILITY**

**THE INFRASTRUCTURE PLANNING (ENVIRONMENTAL IMPACT
ASSESSMENT) REGULATIONS 2017**

**NOTICE OF A DECISION ON AN APPLICATION FOR AN ORDER GRANTING
DEVELOPMENT CONSENT FOR EIA DEVELOPMENT**

The Secretary of State for Business, Energy and Industrial Strategy (“the Secretary of State”) gives notice under regulation 31(2) of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 that a determination has been made on an application made by WTI/EFW Holdings Limited (“the Applicant”) for development consent under the Planning Act 2008 (“the 2008 Act”) for Environmental Impact Assessment development.

The Wheelabrator Kemsley Generating Station (K3) is an existing plant with an electricity generating capacity of 49.9MW. The application for development consent sought an increase in the electricity generating capacity to 75MW and an increase in the waste fuel throughput from 550,000 tonnes per annum to 657,000 tonnes per annum. The application for development consent also sought permission to construct, operate and decommission a new plant - the Wheelabrator Kemsley North (WKN) Waste to Energy Facility – with an electricity generating capacity of 42MW of waste throughput of 390,000 tonnes per annum together with related infrastructure.

The Secretary of State has determined, following consideration of the report of the Examining Authority which conducted an examination into the Application, that development consent should be granted and has decided, therefore, to make an Order under sections 114, 115 and 120 of the 2008 Act in respect of the Wheelabrator Kemsley Generating Station (K3) only.

The statement of reasons for deciding to make an Order granting development consent, which has been prepared by the Secretary of State under section 116 of the 2008 Act and regulation 31(2) of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017, containing the content of the decision, the requirements imposed in connection with the development, the main reasons and considerations on which the decision is based including relevant information about the participation of the public, a description of the main features to avoid, reduce and offset any major adverse effects of the development, is published on the Planning Inspectorate’s web-site:

<https://infrastructure.planninginspectorate.gov.uk/projects/south-east/wheelabrator-kemsley-generating-station-k3-and-wheelabrator-kemsley-north-wkn-waste-to-energy-facility/>

The statement of reasons contains the information required by regulation 31(2) including information regarding the right to challenge the decision and the procedures for doing so.

Hard copies of the decision documentation will also be available to inspect at the Planning Inspectorate's offices (by appointment using the contact details below):

The Planning Inspectorate
National Infrastructure Directorate
Temple Quay House
Bristol
BS1 6PN

To make an appointment for inspection of the documents contact the Planning Inspectorate on 0303 444 5000 or email NIEnquiries@pins.gsi.gov.uk .

Copies of the Secretary of State's decision letter and the text of the Order can be obtained by writing or sending an e-mail to the Planning Inspectorate. No charge will be made for this service.
