2. MASTER DOCUMENT LIST 4

1. INTRODUCTION

- 1.1 This document provides a guide to Vattenfall Wind Power Limited's (the **Applicant**) Development Consent Order (**DCO**) application for the Thanet Extension Offshore Wind Farm (the **Project**). It sets out which document version submitted as part of the application is the most up to date.
- 1.2 This is a live document and will be updated when updates or revisions to existing documents are made and when new documents are submitted to the Planning Inspectorate.

2. MASTER DOCUMENT LIST

- 2.1 The master document list table is set out on the following pages and provides a full list of all the documents submitted to date, indicating either the latest revision (if applicable) or when a new document was submitted.
- 2.2 For ease of navigation these documents are grouped by categories as follows:

Category	Details
1. Application Form	Provides details of the specific application information required by the Planning Inspectorate
2. Plans	Contains the plans which show the location of the Project and the works proposed
3. Development Consent Order	Outlines the legal powers sought by the Applicant to construct and maintain the Project
4. Compulsory Acquisition Information	Provides details of the powers of compulsory acquisition that are sought for the Project
5. Reports/Statements	Contains documents required to be submitted with the DCO application
6. Environmental Impact Assessment	Contains information showing how the Applicant has assessed the potential impact on the environment of the Project
7. Additional information for specific types of infrastructure	Contains specified documents required to be submitted for an offshore wind farm
8. Other documents	Includes additional documents produced in support of the application

Category	Details
9. Examination submissions [To follow]	A placeholder for new documents submitted to the Planning Inspectorate during the course of the examination

- 2.3 The table below identifies the associated electronic files for the documents produced for submission. This is a live document and will be updated when updates or revisions to existing documents are made and new documents are submitted to the Planning Inspectorate. The table identifies the category, document reference, title, submission date and version of the document. Columns will be added as necessary to indicate when the latest version was produced.
