Landowner	Plot Numbers	Rights/Powers Sought	Status of Negotiation
Thanet District Council	00/01	Acquisition of New Rights - Rights of Easement in respect of part of the foreshore	<p>Thanet District Councils ownership of the part of the intertidal zone became apparent as a result of the ongoing diligent enquiries by the Applicant in November 2018.</p> <p>Until that time the Applicant had understood that this plot had been in the ownership of The Crown Estate and that land rights would be secured by virtue of the Agreement for Lease that is being negotiated between The Applicant and The Crown Estate for the Offshore Generating Station and the associated export cables.</p> <p>However The Applicant has been in a process of consultation and engagement with Thanet District Council since the inception of the project about a wide range of issues including impacts on Thanet District Councils land holdings.</p> <p>The Applicant is now engaged in discussions with the landowner with a view to concluding a contract for an option to grant an easement to lay cables through this section of the intertidal zone with the objective of concluding negotiations prior to the close of examination.</p>
Unknown landowners	00/02 00/05	Acquisition of New Rights - Rights of Easement in respect of part of the foreshore	The Applicant has made enquiries with The Environment Agency and with The Crown Estate in relation to these small parcels of unregistered land in the vicinity of the River Stour in the intertidal zone. The Applicant and continues to undertake further diligent

			<p>enquiry to try to establish ownership including discussions with neighbouring proprietors.</p> <p>The Applicant considers that one of the possible explanations for non-registered nature of these land parcels could be alterations in the course of the River Stour at the different times of registration of the titles to the land to either side of that watercourse.</p>
The Kent Wildlife Trust	00/03 00/10 01/01 01/02 01/05 01/06 01/11 01/15 01/20 01/25 01/30 01/35 01/40 01/50 01/60 01/65 01/75	<p>Acquisition of New Rights - Rights of Easement in respect of the landowners freehold property comprising part of the foreshore of Pegwell Bay between low and high water and Stonelees Nature Reserve.</p> <p>Acquisition of New Rights - Rights of Easement in respect of KWTs leasehold interest in land owned by their landlords, The National Trust and Kent County Council in respect of other parts of Pegwell Bay.</p>	<p>The Applicant has made several offers for an Option to Grant Easement for cables to Kent Wildlife Trust in respect of both of their freehold and leasehold interests in different parts of Pegwell Bay. The Applicant has not received any official feedback on the proposals from Kent Wildlife Trust although they have several informal meetings with their property agents the BTF Partnership.</p> <p>The Applicant understands that Kent Wildlife Trust's decision not to engage in discussions for an Option to Grant an Easement is due to their other objections to the project although they have not directly objected to the compulsory acquisition of new rights in land affecting their freehold and leasehold interests.</p> <p>The Applicant has been involved in a process of engagement about the project in general with Kent Wildlife Trust both through the Pegwell Bay Steering Group and directly with them.</p> <p>The Applicant has also been seeking access to the landowners freehold and leasehold property to carry out early site investigations.</p>

			Access for those works had been agreed in principle on 4 October 2018 but a signed entry permit for the works were not forthcoming and the Kent Wildlife Trust have subsequently withdrawn their consent. This matter is the subject of a separate application in terms of s.53 of the Planning Act 2008.
The National Trust for Places of Historic Interest or Natural Beauty	00/05 00/10 00/15 01/01 01/02 01/05 01/06	Acquisition of New Rights - Rights of Easement in respect of part of the foreshore	<p>After further discussion between the Applicant and the National Trust the parties have agreed in principle to negotiate and enter into an Option Agreement. The Option Agreement would require NT to withdraw their objection to the compulsory acquisition of their interest upon exchange of contracts.</p> <p>In turn Vattenfall would agree to exclude the interests of the National Trust from the scope of their application for powers of compulsory purchase. The parties intend to conclude negotiations prior to the close of the examination.</p>
Kent County Council	01/10 01/11 01/15 01/20 01/25 01/30 01/35 01/40 01/45 01/50 01/55	Acquisition of New Rights - Rights of Easement in respect of the cable route and rights of temporary occupation in respect of a construction compound.	<p>The Applicant has made an offer for an Option to Grant an Easement. The landowner appointed an agent in early December 2018 and both parties are engaged in positive ongoing discussions with a view to concluding negotiations by 17 April 2019.</p> <p>Both parties have a clear understanding of each others positions and are working positively towards an agreement.</p>

<p>BCA Fleet Solutions 2 Limited</p>	<p>02/30 02/35 02/ 40</p>	<p>Acquisition of new rights (Rights of Easement)</p>	<p>The Applicant is engaged in ongoing discussions with this tenant of RAMAC with a view to agreeing the terms for a Deed of Consent to the Option Agreement which is being entered into between the Applicant and RAMAC Holdings Ltd. should the creation of that new right affect the leasehold rights that BCA enjoy from the same landowner.</p> <p>The Applicant is confident that the occupiers concerns are well understood and can be accommodated to minimise impacts during the construction period. These are principally that a one way system of traffic movement around the car park can be maintained and that they are able to access sufficient land for car parking.</p>
<p>Secretary of State for Communities, Housing and Local Government c/o The Ministry of Justice (Borderforce)</p>	<p>02/60 02/61 02/75</p>	<p>Permanent Acquisition</p>	<p>The Applicant has been involved in a process of dialogue with the Government Property Service on behalf of the Ministry of Justice since the substation site was selected.</p> <p>Taking account of the special nature of the Secretary of States interest in the land that dialogue has been with a view to identifying replacement land to which the occupying agency, Borderforce, could be relocated to.</p> <p>Borderforce use the land for vehicle and vessel storage.</p> <p>A suitable parcel of replacement land was identified within RAMAC Holdings land at Richborough Port. At the request of The Government Property Service the Applicant undertook a comparative analysis of the existing MoJ lease area and the proposed replacement land to ensure that it was fit for purpose given that it is wedge shaped and the existing site is rectangular.</p>
