Table 1: Interested Parties identified for consultation.....4

1 Interested Parties identified for targeted consultation on Structures Exclusion Zone

- 1 The following Interested Parties (IPs) have been identified by reviewing those that have made submissions to the examination from relevant representations onwards and who may be affected by the introduction of the Structures Exclusion Zone (SEZ).
- 2 This list has also been referenced against the list of IPs identified by the Examining Authority in Annex B to the Rule 8 letter issued on 4 April 2019.
- 3 At this stage of the examination, and noting that the SEZ results in a reduction in effects, it is not anticipated that there are any other potential consultees other than those already registered as IPs with the Planning Inspectorate.
- 4 The Applicant intends to undertake targeted, non-statutory consultation with these IPs on the SEZ, in line with PINS Advice Note 16 which will be completed by Deadline 6 (28 May).

Table 1: Interested Parties identified for consultation

Interested Party	Principle reason for inclusion	Notes
