Landowner	Plot Numbers	Rights/Powers Sought	Status of Negotiation
Thanet District Council	00/01	Acquisition of New Rights - Rights of Easement in respect of part of the foreshore	Thanet District Councils ownership of the part of the intertidal zone became apparent as a result of the ongoing diligent enquiries by the Applicant in November 2018. Until that time the Applicant had understood that this plot had been in the ownership of The Crown Estate and that land rights would be secured by virtue of the Agreement for Lease that is being negotiated between The Applicant and The Crown Estate for the Offshore Generating Station and the associated export cables. However The Applicant has been in a process of consultation and engagement with Thanet District Council since the inception of the
			project about a wide range of issues including impacts on Thanet District Councils land holdings.
			The Applicant is now engaged in discussions with the landowner with a view to concluding a contract for an option to grant an easement to lay cables through this section of the intertidal zone with the objective of concluding negotiations prior to the close of examination.
Unknown landowners	00/02 00/05	Acquisition of New Rights - Rights of Easement in respect of part of the foreshore	The Applicant has made enquiries with The Environment Agency and with The Crown Estate in relation to these small parcels of unregistered land in the vicinity of the River Stour in the intertidal zone. The Applicant and continues to undertake further diligent

BCA Fleet Solutions 2 Limited	02/30	Acquisition of new rights	The Applicant is engaged in in ongoing discussions with this tenant of
	02/35	(Rights of Easement)	RAMAC with a view to agreeing the terms for a Deed of Consent to the
	02/40		Option Agreement which is being entered into between the Applicant
			and RAMAC Holdings Ltd.

Landowner Update Table			The Applicant is confident that the occupiers concerns are well understood and can be accommodated to minimise impacts during the construction. The Applicants activities are likely to affect the operations of BCA and this is being dealt with by way of a compensation agreement which is also being negotiated.
Secretary of State for Communities, Housing and Local Government c/o The Ministry of Justice (Borderforce)	02/60 02/61 02/75	Permanent Acquisition	The Applicant has been involved in a process of dialogue with the Government Property Service on behalf of the Ministry of Justice since the substation site was selected. Taking account of the special nature of the Secretary of States interest in the land that dialogue has been with a view to identifying replacement land to which the occupying agency, Borderforce, could be relocated to. Borderforce use the land for vehicle and vessel storage. A suitable parcel of replacement land was identified within RAMAC Holdings land at Richborough Port. At the request of The Government Property Service the Applicant undertook a comparative analysis of the existing MoJ lease area and the proposed replacement land to ensure that it was fit for purpose given that it is wedge shaped and the existing site is rectangular. This process has concluded with positive assessment that the land would be suitable and the drafting of a tripartite contract amongst the Applicant, The Secretary of State and RAMAC Holdings Ltd. has commenced. The three parties are targeting a completion date for the tripartite agreement of end May 2019.

			The tripartite agreement will set out the practical and logistical arrangements for the relocation of Borderforce to the replacement land.
Crostline Limited	02/65 02/70 02/75 (access only) 02/85	Permanent Acquisition	Further diligent enquiry by the Applicant and a Written Representation from this organisation has confirmed that as of September 2018 they became the tenant, on a 5 year lease, of 3 blocks of land and buildings within the affected land parcels in the ownership of Ramac. The Applicant met with the tenant following the Compulsory Acquisition Hearing on 18 April 2019 and with the consent of RAMAC has undertaken to provide them with information about the arrangements the Applicant envisages making with RAMAC and the Ministry of Justice to ensure, insofar as is possible, the continuity of their business by reconfiguring the pattern of occupation within the Ramac property.
Philip Griffiths - P&G Scaffolding Limited	02/65 02/70 02/75 02/85	Permanent Acquisition	This occupier enjoys short term rights to occupy land owned by RAMAC Holdings at the will of the landowner. Upon conclusion of contracts with the landowner the Applicant will engage in a process of consultation with this occupier in order to keep them informed about any impacts on their interests as a license holder.
Beanstone Limited	02/115		The Applicant's diligent enquiry has confirmed that this land is now under option to the Harkalm Investments Group and that they intend

Landowner Opdate Table			to trigger that option and develop the land for hot food retail purposes. The proposed DCO Order Limits include a small portion of the southern extent of the landowners property. That land already contains electricity cables belonging to The Thanet 1 OFTO Ltd. The Applicant is engaged in positive ongoing discussions with the option holder with a view to agreeing the terms of an option to grant an easement which will take effect once the option holder takes ownership.
Richborough A Limited	02/120 02/121 02/122 02/123 02/124 02/125 02/130 02/135 02/140	Acquisition of new rights (rights of easement)	An explanation of the cable routing options through Richborough Energy Park, in the Ownership of Richborough A Limited can be found in the Applicants response to the Examining Authorities first written question number 1.7.1. The Applicant is engaged in ongoing discussions and negotiations for an Option to Grant an Easement for the installation of the 400KV cable circuit which will link the applicants project substation with NGETS new 400KV Richborough Substation. The landowner appointed new agents at the end of March 2019 and the Applicant has re-commenced discussions with the landowners new representatives.
National Grid Electricity Transmission plc.	02/130	Acquisition of new rights (rights of easement)	A connection agreement is in place the parties setting out the terms upon which the project will be connected to NGETs transmission network.

Thanet Extension Offshore Windfarm Landowner Update Table	
	The Applicant is relying on the provisions of the connection agreement and is not seeking any further rights in land from NGET.
	The Applicant is however seeking to acquire new rights of easement from the freehold landowner, Richborough A Limited.
	The Applicant is engaged in an ongoing process of discussion with NGET in order to agree the drafting of bespoke protective provisions within the DCO. Those discussions are well progressed and expected to conclude by deadline 6.
