CLEVE HILL
SOLAR PARK

1 INTRODUCTION

1. This document provides a guide to Cleve Hill Solar Park Limited's (the Applicant) Development Consent Order (DCO) application for Cleve Hill Solar Park (the Development). The DCO application is for the construction, operation and maintenance and decommissioning of Cleve Hill Solar Park, a solar photovoltaic (PV) array electricity generating facility and electrical storage facility, with a total capacity exceeding 50 MW.
2. Provided within this document is a full list of the documents that have been submitted as part of the application to the Planning Inspectorate. It is a live document and will be updated when revisions are made.
3. For ease of navigation, the documents have been grouped according to the information they relate to.
4. These categories can be found in Table 1.

Table 1: Document Categories

Category	Details
1. Application	Documents detailing application information
2. Plans	Plans associated with Cleve Hill Solar Park
3. Development Consent Order	Legal documents required to submit a DCO application
4. Compulsory Acquisition Information	Documents detailing the powers of compulsory acquisition sought for Cleve Hill Solar Park
5. Reports/Statements	Documents required to be submitted with a DCO application
6. Environmental Statement	Includes the chapters and appendices written within the Environmental Impact Assessment
7. Other Documents	Additional documents written to support the application

2 MASTER DOCUMENT LIST

5. Table 2 identifies each individual document submitted and their associated unique reference number, and provides information on its submission date and the version submitted. The relevant Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 reference is also stated (APFO Ref.).
