Dear Sir or Madam

Cleve Hill Solar Park Project - Development Consent Order timetable

Registration identification: 20022179

As you are aware, we act for London Array Limited who represent the consortium in the London Array wind farm project (being Orsted London Array II Limited, E.on Climate & Renewables UK London Array Limited, Masdar Energy UK Limited and Boreas (Investment) Limited) (together referred to in this letter as the Participants). The Participants have the benefit of interests in land affected by the proposed solar farm and which are proposed to be subject to compulsory purchase pursuant to the development consent order (DCO). The Participants have submitted relevant representations (RR-808) to Cleve Hill Solar Park and are an interested party for the purpose of the DCO proceedings.

The Participants wish to participate in the examination in light of their strong concerns regarding the potential adverse impact of the construction and operation of the solar farm on the wind farm. The Participants intend to submit written representations in accordance with the final timetable.

The Participants are currently in early negotiations with Cleve Hill Solar Park Limited with a view to arriving at an agreement which will preserve each party's rights. In the event that agreement cannot be reached, the Participants would wish to appear at the compulsory acquisition hearing and any other hearing which may impact on their interests in land subject to the DCO. To provide the greatest scope for these negotiations to reach a settlement, we request that the hearings relating to the compulsory acquisition of land and any other hearing relating to plots 3/01, 3/02, 3/03, 3/05, 3/06, 3/06B, 3/07, 3/07B are not held until September. The Participants will not be attending the Preliminary Meeting but we trust that this request in respect of the draft timetable will be taken into consideration.

Yours faithfully

Charles Russell Speechlys LLP
