Subject: Accompanied Site Inspection 24th July
Date: 12 June 2019 20:30:29

Please take this e-mail as confirmation that I would like to attend the ASI on 24th July 2019.

I would additionally like to suggest that the following locations should be included in that visit:

To express my vision as to how the land can be opened up for cyclists and walkers and improve safety of those groups:

- The farm access track / current public footpath starting at Nagden and ending at the Sportsman
- Seasalter Road (current national cycle route) to the Sportsman (Seasalter)

To see how a pedestrian walkway is much needed to join these villages for safety reasons:

- Headhill Road between Goodnestone and Graveney and into Seasalter Road up to the Cleve Hill turning

Kind regards

Brian Jefferys
