---

Hello,

Following on from my previous email, I would also like to register to attend the Open Floor Hearing on 22nd July, the Issue Specific Hearing 3 on 23rd July, and the Issue Specific Hearing 4 on 25th July. Please could this be for myself and my research assistant Katherine Tran?

I'm also interested in conducting a focus group whilst I am there, and would be keen to co-ordinate with you on this. For example, I would be happy to share my findings with you (anonymised for confidentiality of course) and perhaps I could use a room in the same space as one of the hearings? Please let me know if you have any questions about this.

All the best,

**Pip Roddis**

**Subject:** Accompanied Site Inspection - 24th July

Hello,

I am a PhD researcher investigating public acceptance of renewable energy technologies in the UK. I am very interested in Cleve Hill Solar Park as the largest application for ground mounted solar in the UK to date, and have been following the progress of the planning application.

I have seen that you are doing an Accompanied Site Inspection on 24<sup>th</sup> July and wondered if it would be possible for myself and my research assistant to join this visit as observers? It would be extremely helpful and interesting to learn more about the site and the community's views on the proposed application.

Please do let me know if you need any further information or if you have any questions, I

look forward to hearing from you.

Kind regards,

**Pip Roddis**
