Attention of Hefin Jones

Dear Sir

I attach comments on the itinerary for the ASI about transport and lack of clarity in the table numbering so that the instructions do not set out which sites it is intended to visit.

I also attach a written representation on the developer's Socio-Economic and Tourism chapter which is not at present the subject of a separate hearing.

I also attach a paper and summary for presentation at the hearing on 23rd July on Landscape and Visual Impact Appraisal together with a paper for presentation at the Biodiversity hearing on 25th July.

Regards

Anne Salmon BA MCD MRTPI
