Dear Hefin

We act on behalf of Blue Transmission London Array Limited ("BTLAL") and CRS (copied) act for London Array Limited ("LAL"). This email represents a joint submission on behalf of those parties and the Applicant (the Applicant's solicitors are also copied).

We note that our client and LAL have been invited to attend and make representations at the hearings taking place in relation to the Cleve Hill Solar Park examination on the week commencing 9 September 2019.

We have agreed with the Applicant and LAL that Gareth Phillips of Pinsent Masons will update the examination on behalf of the Applicant, LAL and BTLAL. As Gareth will confirm at the hearings, the agreed position between the Applicant, LAL and BTLAL in brief is as follows:

- The Applicant, LAL and BTLAL are making significant progress with the negotiation of various agreements required. The parties require more time to complete those agreements, but anticipate doing so within the next month;
- We therefore ask that the interface between the Applicant, LAL and BTLAL's interests not be examined at the hearings;
- While the Applicant, LAL and BTLAL are intending to complete the various agreements within the next month, should these agreements not be completed in a reasonable time the Applicant will submit an updated draft DCO which shall include additional Protective Provisions relating to BTLAL's apparatus. The content of these Protective Provisions shall be agreed between the Applicant and BTLAL should this be necessary;
- Should it be necessary, the Applicant, LAL and BTLAL will request that additional hearings be scheduled for the first available date in October to deal with the above and LAL's objection and notices issued by the Examining Authority to facilitate the same.

Kind regards

Nick Harding
Associate
