---

Hi Hefin,

Please find attached the submission of Lut Stewart's oral presentation at the recent Open Floor Hearing.

Kind regards,

Marie

**Oral presentation 10th September National Inspectorate Cleve Hill Solar Park )**

**GREAT (Graveney Rural Environment Action Team) by Lut Stewart**

For this oral presentation I will only say that GREAT will be submitting a paper which will refer to public documents that we have recently found.

These papers challenge Wirsol's assertion that they are competent and raise doubts about their reliability.

Wirsol should have raised this voluntarily at the July hearing.

Our paper will also be questioning Hive's assertion that they have "built" solar projects, when it has emerged that this is not the case.

Thank you
