Dear Planning Inspectorate,

**Norfolk Boreas Offshore Wind Farm (EN010087)**

We are interested to participate during the hearing session and any other transport assessment review, Statements of Common Ground, local impact reports and written related topic and discussion for the above-mentioned project.

HIGHWAYS ENGLAND (“we”) has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the Strategic Road Network (SRN). The SRN is a critical national asset and as such we work to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity.

Therefore, we are showing our interest to register as a statutory consultee for this project, as this project would involve traffic impact on the A47, part of the SRN.

Yours sincerely,

Shamsul HOQUE  
Spatial Planning Manager  
Operations (East) Area 6 & Area 8
