Dear Frances Fernandes

Application by Norfolk Boreas Limited for an Order Granting Development Consent for the Norfolk Boreas Offshore Wind Farm

The following constitutes Natural England's formal statutory response at Deadline 3 of the Norfolk Boreas examination. Please find attached:

- Natural England's response to Norfolk Boreas comments on Relevant Representations [AS-024] Table 26 DCO and DML
- Nature England's response to Onshore Ecology and Onshore Ornithology Documents submitted at Deadline 1 and 2.
- Natural England advice on cable protection assessment for offshore windfarms and inclusion in marine licenses - Draft Position Paper December 2019.
- Natural England's Risk and Issue Register

Natural England has applied the Red, Amber, Green colour system, as outlined in the Risk and Issues Register to the comments in relation to DCO DML and Onshore ecology.

Natural England will make best endeavours to respond to other relevant documents for Deadline 4.

Issue Specific Hearing

Natural England are satisfied that the major concerns with regards onshore ecology and onshore ornithology as raised in our Relevant Representation [099] have been resolved through discussion and submission of Documents at Deadline 1 and 2. We are satisfied that any remaining minor comments can be addressed through the written process. Natural England will therefore not attend the ISH on the 21 January.

For any queries relating to the content of this letter please contact me using the details provided below.

Yours sincerely,

Tamara Rowson
