

### Hearing Action Points

Application by Norfolk Boreas Limited for an Order Granting Development Consent for the Norfolk Boreas Offshore Wind Farm Project.

Actions arising from the Offshore Effects including the draft Development Consent Order hearing held at Blackfriars Hall, St Andrew's Plain, Norwich, NR3 1AU on Wednesday 22 January 2020.

Action	Party	Deadline	
<b>Wednesday 22 January 2020</b>			
1.	Submit clarification note on procedures and sequencing for post-consent surveys of the landfall site below MLW with regard to managing risks and opportunities for archaeological assets on and below seabed and implications (if any) of selection of horizontal drill method.	Applicant	D4
2.	Submit note to clarify how the offshore In Principle Monitoring Plan relates to the DCO and to the DML Conditions and to the various plans secured under the DML conditions (currently shown as a partial pecked line relationship in the [APP-022] diagrams) and what cross-referencing is necessary.	Applicant	D4
3.	Respond to Historic England [REP3-015] to clarify the process and timeline of consultation, submission and agreement of the post-consent offshore Archaeological WSI in order to achieve timely delivery of mitigation.	Applicant	D4
4.	Submit a note on whether the magnitude of effects on fisheries should be based on a percentage loss of access to grounds and whether cumulative impact assessment of past losses or restrictions of access to fishing grounds would represent double-counting.	Eastern IFCA	D4
5.	Further discussions with MMO and NE on taking a strategic approach to	Applicant	D5

	monitoring marine mammals and exploring methods of collaboration and contribution on relevant projects.		
6.	Provide update on Regulators' Forum meetings about ongoing management and monitoring of SIP.	MMO, NE	D4
7.	Provide update on progress with discussions with MMO and NE relating to HHW SAC SIP to include approach to derogation, if necessary.	Applicant	D4
8.	Respond to NE's Position Statement on HHW SAC SIP which will be published at D4.	Applicant	D5
9.	Submit plan showing the relationship between seabed features of archaeological interest and Annex 1 reef features and note on optimising cable routing through the HHW SAC to manage risks of potential additional archaeological constraints affecting the conservation objectives of the SAC.	Applicant	D4
10.	Natural England to agree with MMO revised wording of the Condition regarding disposal of sediments in the HHW SAC with respect to particle size.	NE, MMO	D4
11.	Submit review of Applicant's Offshore Ornithology Assessment Update.	NE	D4
12.	Update on collision risk analysis and deterministic modelling for kittiwake and lesser black-backed gull and further mitigation or compensatory measures.	Applicant	D5
13.	NE to provide final advice on in-combination adverse effects of Flamborough and Filey Coast SPA, and the black-backed gull of the Alde-Ore Estuary SPA.	NE	D4
14.	Provide worked example of modelling the headroom between assessed vs consented turbine numbers for the Proposed Development, considering Hornsea 1, Triton Knoll and Walney Extension.	Applicant	D4
