DCO Document Applicant’s Response to Natural England’s Onshore Ecology and Onshore Ornithology Deadline 3 Submissions Table 2			
Table 2 Item 1		Natural England welcome that the screening matrices will be updated to reflect the wording in the OLEMS. Issue may be considered resolved once documents are updated.	
Table 2 Item 10		Natural England note that the number of hedgerows included is the most up to date number based on using trenchless techniques at Witton Plantation.
